Correction to: *Oncogene* <https://doi.org/10.1038/onc.2016.310>, published online 21 November 2016

Correction Fig. 2d and 2e

“Since publication of this article, the authors noticed that Fig. 2d (MV4-11, Molm13) and 2e (MV4-11) do not show the correct blots for GAPDH. The corrected Fig. 2d and 2e are provided below. The sample containing the control siRNA-treated cells (siCtrl) is used as control in both Fig. 2d and 2e. Horizontal mirroring of the films for GAPDH was used to show the control on the left of each figure.

The unintentional mistake does not alter the conclusions of the study. The authors apologise for any inconvenience caused.”

Correction Supplementary Fig. 5c

“Since publication of this article, the authors noticed that Supplementary Fig. 5c does not show the correct blot of Drp1 for Molm13 cells. The corrected Supplementary Fig. 5c is provided below. This unintentional mistake does not alter the conclusions of the study. The authors apologise for any inconvenience caused.”
