The Naturejobs Career Expo will take place on the 23 September 2010 at the Business Design Centre in London. The event is dedicated to all science specialties, covering graduate and postdoc roles. Details of the conference and exhibition are now available at **www.naturejobs.com/careerexpo**.

Now in its fourth year, the Naturejobs Career Expo (formerly the Source Event) is the UK's largest career fair and conference focused exclusively on the scientific world, with more than 1,000 attendees each year.

The conference and workshop sessions are divided into three streams: Graduate, Postdoc and Non-traditional careers. The keynote lecture will be delivered by Dr Hilary Leevers, the Assistant Director for the Campaign for Science and Engineering in the UK (CaSE).

Exhibitors will include a wide range of employers from industry, academia and government. Current sponsors include Novo Nordisk, The Royal Society and the French Atomic Energy Commission (CEA).

The career expo is organised by Naturejobs, the Nature Publishing Group resource offering scientific career information and job postings. Registration for the Naturejobs Career Expo is now open at **www.naturejobs.com/careerexpo**. The cost to attend the conference and workshops is £55. Visiting the exhibition is free to registered visitors. There are still opportunities available for sponsors and exhibitors.

About Nature Publishing Group (NPG)

Nature Publishing Group (NPG) is a publisher of high impact scientific and medical information in print and online. NPG publishes journals, online databases and services across the life, physical, chemical and applied sciences and clinical medicine.

Focusing on the needs of scientists, ***Nature*** (founded in 1869) is the leading weekly, international scientific journal. In addition, for this audience, NPG publishes a range of *Nature* research journals and *Nature Reviews* journals, plus a range of prestigious academic journals including society-owned publications. Online, nature.com provides over 5 million visitors per month with access to NPG publications and online databases and services, including *Nature News* and *Nature Jobs* plus access to *Nature Network* and Nature Education's **Scitable.com.**

Scientific American is at the heart of NPG's newly-formed consumer media division, meeting the needs of the general public. Founded in 1845, ***Scientific American*** is the oldest continuously published magazine in the US and the leading authoritative publication for science in the general media. Together with scientificamerican.com and 16 local language editions around the world it reaches over 3 million consumers and scientists. Other titles include *Scientific American Mind* and *Spektrum der Wissenschaft* in Germany.

Throughout all its businesses NPG is dedicated to serving the scientific and medical communities and the wider scientifically interested general public. Part of Macmillan Publishers Limited, NPG is a global company with principal offices in London, New York and Tokyo, and offices in cities worldwide including Boston, Buenos Aires, Delhi, Hong Kong, Madrid, Barcelona, Munich, Heidelberg, Basingstoke, Melbourne, Paris, San Francisco, Seoul and Washington DC. For more information, please go to **www.nature.com**.
