

# Announcements

## University News

F. Moreton and L. R. G. Treloar have been appointed Professor Emeritus by the University of Manchester.

## Miscellaneous

Sir Martin Ryle, Professor R. R. Porter and Professor E. P. Abraham have been awarded the three Royal Medals of the Royal Society.

## Erratum

In the article "Geomorphological Dating of Cave Opening at Makapansgat, Sterkfontein, Swartkrans and Taung" by T. C. Partridge (*Nature*, 246, 75; 1973), in the section "Nickpoint Migration", the first line should read "Figure 2 shows the locations of the sites . . .".

## Corrigendum

In the article "Canadian Tropical Research in the West Indies" by Finn Sander (*Nature*, 244, 201; 1973), it was wrongly stated that the Bellairs Research Institute is the only Canadian teaching and research institute in the tropics. A similar research institute, attached to the University of Montreal, and stressing studies in anthropology and sociology, functions in Martinique. The author expresses his apologies to the University of Montreal.
