

**ANTIBODY COMPANIES**

Company	Products/Activity	Location	URL
AbD Serotec	Sources for research and diagnostic antibodies	Kidlington, UK	www.ab-direct.com
Abgent	Antibodies; customized antibodies; protein-expression services	San Diego, California	www.abgent.com
Active Motif	Antibodies and reagents for transcriptional regulation and epigenetics	Carlsbad, California	www.activemotif.com
AdiMab	Human antibodies produced in yeast	Lebanon, New Hampshire	www.adimab.com
AnaSpec	Off-the-shelf and customized antibodies and peptides	Fremont, California	www.anaspec.com
BioGenes	Customized antibodies; immunoassays; peptides	Berlin, Germany	www.biogenes.de
Charles River	Customized antibodies	Wilmington, Massachusetts	www.criver.com
Epitomics	Customized and off-the-shelf antibodies	Burlingame, California	www.epitomics.com
Fitzgerald Industries	Antibody distributors	Acton, Massachusetts	www.fitzgerald-fii.com
GeneTel	Antibodies for proteomics; chicken-antibody specialists	Madison, Wisconsin	www.genetel-lab.com
GENOVAC	Antibodies against G-protein-coupled receptors; genetic immunization	Freiburg, Germany	www.genovac.com
GenWay Biotech	Primary and secondary antibodies (produced in chickens)	San Diego, California	www.genwaybio.com
GTC Biotherapeutics	Human-antibody production in milk from transgenic animals	Framingham, Massachusetts	www.gtc-bio.com
Harlan	Customized antibodies, peptide synthesis, hybridoma development	Indianapolis, Indiana	www.harlan.com
Innovative Research	Customized and off-the-shelf antibodies	Novi, Michigan	www.innov-research.com
Lonza Biologics	Therapeutic antibodies and recombinant proteins	Basel, Switzerland	www.lonzabiologics.com
Mabtech	Antibodies for ELISA and ELISA Spot applications; cytokines	Nacka Strand, Sweden	www.mabtech.com
Maine Biotechnology Services	Hybridoma, polyclonal and monoclonal antibody development, ascites and <i>in vitro</i> production	Portland, Maine	www.mainebiotechnology.com
Millipore	Antibodies; secondary reagents, probes, tests and kits	Billerica, Massachusetts	www.millipore.com
MorphoSys	Human antibodies; HuCAL and HuCAL gold antibodies	Martinsried, Germany	www.morphosys.com
New England Peptide	Customized and off-the-shelf antibodies; peptide arrays	Gardner, Massachusetts	www.newenglandpeptide.com
Novus Biologicals	Customized and off-the-shelf antibodies	Littleton, Colorado	www.novusbio.com
OriGene	Proteins and customized antibodies; collaborative antibody production	Rockville, Maryland	www.origene.com
ProSci	Off-the-shelf and customized antibodies; immunoassays	Poway, California	www.prosci-inc.com
SDIX	Customized and off-the-shelf antibodies	Newark, Delaware	antibodies.sdix.com
SouthernBiotech	Catalogue and customized antibodies and reagents	Birmingham, Alabama	www.southernbiotech.com

**SERVICES**

Company	Products/Activity	Location	URL
Biomol	Services for chemical synthesis, cell culture and antibody production	Hamburg, Germany	www.biomol.de
Dualsystems Biotech	Yeast two-hybrid screening service and products	Schlieren, Switzerland	www.dualsystems.com
Hybrigenics	Protein-interaction services based on yeast two-hybrid system	Paris, France	www.hybrigenics.com
Innoprot	Protein-interaction service using affinity-tag-based purification	Bizkaia, Spain	www.innoprot.com
Invitrogen	Protein-interaction services based on proteome arrays	Carlsbad, California	www.invitrogen.com

**SOFTWARE ANALYSIS TOOLS**

Company	Products/Activity	Location	URL
Ariadne	Pathway analysis	Rockville, Maryland	www.ariadnegenomics.com
Array Genetics	Protein database; genomics, proteomics and microarray analysis	Newtown, Connecticut	www.arraygenetics.com
BIOBASE	Biological databases; analysis tools for gene expression	Wolfenbüttel, Germany	www.biobase-international.com
BioCyc	Pathway analysis software plus collection of databases	Menlo Park, California	www.biocyc.com
BioDiscovery	Microarray analysis and discovery software	El Segundo, California	www.biodiscovery.com
Bitplane	Image-analysis software; filament tracers and auto-aligners	Zurich, Switzerland	www.bitplane.com
Bruker Daltonics	Instruments, software and consumables for mass spectrometry	Billerica, Massachusetts	www.bdal.com
Ceiba Solutions	Gene-expression data-analysis system	Cambridge, Massachusetts	www.ceibasolutions.com
Cyberell	Bioinformatics software and services	Helsinki, Finland	www.cyberell.com
Dalicon	Bioinformatics software for managing and analysing large-scale data	Nijmegen, the Netherlands	www.dalicon.com
ePitope Informatics	Epitope predictions; protein-analysis software	Hexham, UK	www.epitope-informatics.com

**SOFTWARE ANALYSIS TOOLS**

Company	Products/Activity	Location	URL
<b>Genedata</b>	Bioinformatics systems and services for sequence and genome analysis	Basel, Switzerland	www.genedata.com
<b>GeneGO</b>	Data mining and analysis solutions in systems biology	St Joseph, Missouri	www.genego.com
<b>Genomatix</b>	Software for studying molecular mechanisms of gene regulation	Munich, Germany	www.genomatix.de
<b>Geospiza</b>	Bioinformatics software; tools for sequence assembly and analysis	Seattle, Washington	www.geospiza.com
<b>IBM Life Sciences</b>	Database integration; data-management systems	Armonk, New York	www.ibm.com
<b>Ingenuity Systems</b>	Information solutions and custom service for life-sciences research	Redwood City, California	www.ingenuity.com
<b>LGC Genomics</b>	Analysis, annotation and visualization of full chromosome sequences	Berlin, Germany	www.lgcgenomics.com
<b>Life Technologies</b>	Maps of interconnected biological signalling and metabolic pathways	Carlsbad, California	www.lifetechnologies.com
<b>LifeSpan BioSciences</b>	Database for drug-target discovery; antibodies and custom antibodies	Seattle, Washington	www.lsbio.com
<b>Metaphorics</b>	Database of protein-ligand structural information	Aliso Viejo, California	www.metaphorics.com
<b>MiraiBio</b>	Bioinformatics solutions	South San Francisco, California	www.mirai.bio
<b>Parc Research</b>	Software for the analysis of glycan mass spectrometry data sets	Palo Alto, California	www.parc.com
<b>Partek</b>	Pattern recognition and interactive visualization software	St Louis, Missouri	www.partek.com
<b>Premier Biosoft</b>	Sequence analysis, primer design and two-hybrid protein interactions	Palo Alto, California	www.premierbiosoft.com

**GENERAL MOLECULAR BIOLOGY REAGENTS**

Company	Products/Activity	Location	URL
<b>Agilent Technologies</b>	Reagents and instruments for life-sciences research	Santa Clara, California	www.agilent.com
<b>Applied Biosystems</b>	Reagents for molecular- and cell-biology research	Carlsbad, California	www.appliedbiosystems.com
<b>Attagene</b>	Transcription-factor profiling system; software	Morrisville, North Carolina	www.attagene.com
<b>BD Biosciences</b>	Research reagents, bioimaging systems, instrumentations	Franklin Lakes, New Jersey	www.bd.com
<b>Bio-Rad</b>	Products, instruments and software for life-sciences research	Hercules, California	www.bio-rad.com
<b>BMG Labtech</b>	Microplate and array readers and handling systems	Offenburg, Germany	www.bmglabtech.com
<b>Cambrex</b>	Products for molecular- and cell-biology research	East Rutherford, New Jersey	www.cambrex.com
<b>Cole-Parmer</b>	Variety of instruments and reagents	Vernon Hills, Illinois	www.coleparmer.com
<b>EMD Biosciences</b>	Calbiochem, Novabiochem and Novagen product lines	San Diego, California	www.emdbiosciences.com
<b>Enzo Life Sciences</b>	Consumables and assays for molecular biology, gene expression and genomic analysis	New York, New York	www.enzo.com
<b>Horiba</b>	Spectroscopy systems and accessories	Kyoto, Japan	www.horiba.com
<b>Invitrogen</b>	Reagents for cell and molecular biology	Carlsbad, California	www.invitrogen.com
<b>Irvine Scientific</b>	Defined media for cell-culture applications; custom media services	Santa Ana, California	www.irvinesci.com
<b>Lonza</b>	Molecular-biology reagents and systems; advanced chemical synthesis	Basel, Switzerland	www.lonza.com
<b>Metrohm</b>	Laboratory instruments; consumables	Riverview, Florida	www.metrohmusa.com
<b>Merck</b>	Chemicals, kits and reagents	Darmstadt, Germany	www.merck.de
<b>MP Biomedicals</b>	Reagents and chemicals for research	Solon, Ohio	www.mpbio.com
<b>New England BioLabs</b>	Molecular-biology-related reagents, kits and enzymes	Ipswich, Massachusetts	www.neb.com ●
<b>Pacific Biosciences</b>	Platform for single molecule, real-time detection of biological events	Menlo Park, California	www.pacificbiosciences.com
<b>PerkinElmer</b>	Instruments, reagents and kits for life sciences	Waltham, Massachusetts	las.perkinelmer.com
<b>Princeton Separations</b>	DNA purification columns and reagents, fluorescent protein labelling kits	Adelphia, New Jersey	www.prinsep.com
<b>Promega</b>	Chemicals for mass spectrometry	Madison, Wisconsin	www.promega.com
<b>Sigma-Aldrich</b>	Reagents for chemistry and molecular-biology research, including protein arrays	St Louis, Missouri	www.sigmaaldrich.com ●
<b>Takara Bio</b>	Reagents, kits and consumables for molecular biology	Shiga, Japan	www.takara-bio.com ●
<b>Thermo Scientific</b>	Instruments and reagents for life-sciences research	Waltham, Massachusetts	www.thermo.com
<b>Tocris Bioscience</b>	Chemicals for life-sciences research; contract research services	Bristol, UK	www.tocris.com
<b>USB</b>	Chemicals and reagents for molecular biology	Cleveland, Ohio	www.usbweb.com
<b>Wako Chemicals USA</b>	Speciality chemicals; clinical diagnostic reagents	Richmond, Virginia	www.wakousa.com ●
