

Annual Acknowledgment of Manuscript Reviewers

Journal of Perinatology (2005) **25**, 151–153. doi:10.1038/sj.jp.7211253

In this issue we acknowledge and thank the reviewers who have been active during the past year (October 1, 2003 to September 30, 2004). The Journal is dramatically improved by their generous contributions of time and expertise in the anonymous task of reviewing the many manuscripts submitted for consideration of publication.
