Since the publication of this issue, an error was noticed on page 292 under the section Conditioning regimen. The dose and usage of Simustine (Me-CCNU) are not correct.

The phrase ‘Me-CCNU (250 mg/kg, i.v.) on day –3’ should read as ‘Me-CCNU 250 mg/m<sup>2</sup> orally once on day –3’.

The authors would like to apologize for any inconvenience this may have caused.
