

ERRATUM

Genet Med 2005;7(5):317-327, “Risk calculations for cystic fibrosis in neonatal screening by immunoreactive trypsinogen and the *CFTR* mutation tests” by Shuji Ogino, Pamela Flodman, Robert B. Wilson, Bert Gold and Wayne Grody.

In Table 5 (page 321), and Table 7 (page 323), the vertical lines separating the “Carrier” and “Noncarrier” columns was placed incorrectly in the published paper. The corrected tables for this article may be accessed, via the Article Plus feature contained in the article, at the online journal at www.geneticsinmedicine.org.
