

CORRIGENDUM

Negative phenotypic and genetic associations between copulation duration and longevity in male seed beetles

EA Brown, L Gay, R Vasudev, T Tregenza, PE Eady and DJ Hosken

Heredity (2010) **105**, 576; doi:10.1038/hdy.2010.132

Correction to: *Heredity* (2009) **103**, 340–345; doi:10.1038/hdy.2009.80

The authors have discovered an error they would like to correct. Table 1 shows incorrect values for the coefficients of additive genetic variation (CV_A). The correct values are as follows:

CV_A : Longevity (total days) = 22.3; Longevity (residual days) = 26.8; Copulations duration (sons) = 22.5; Copulation duration (daughters) = 19.1.

We apologize for this error.
