Strontium isotope evidence for landscape use by early hominins

Sandi R. Copeland, Matt Sponheimer, Darryl J. de Ruiter, Julia A. Lee-Thorp, Daryl Codron, Petrus J. le Roux, Vaughan Grimes & Michael P. Richards

Nature **474**, 76–78 (2011)

In Fig. 2 of this Letter, the square symbol for specimen Sts 72 is black (indicating that it represents a large tooth), but it should be white to indicate a small tooth. Supplementary Table 1 correctly shows that Sts 72 is a small tooth. All calculations also use the correct data. Figure 2 has been corrected online.
