## CHOOSE YOUR CHEMISTRY FOR DNA SYNTHESIS

### Phosphoramidites

\*Now available in our **SPS GRADE** range of specially purified reagents for solid phase DNA synthesis.

\*Chromatographically purified

\*<sup>31</sup>P nmr checked

\*Synthesis tested

### Phosphotriesters

\***SPS GRADE** – the ultimate standard of purity for solid phase DNA synthesis

\*Chromatographically purified

\*Synthesis tested

## THEN CHOOSE CRUACHEM SPS GRADE REAGENTS
