

# FREE LITERATURE

Tago, Inc. (Burlingame, CA) is offering a new 24-page catalog on **immunological reagents and assays**, featuring affinity-isolated antibodies conjugated with Texas Red™ or other fluorochromes, or with one of a variety of enzymes.

Write in 701 on Reader Service Card

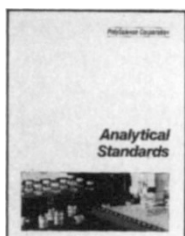

American Type Culture Collection (Rockville, MD) describes over 2,650 **cell lines and hybridomas** in the 5th edition of its free (in the U.S.) catalogue. Its 305 pages include indexing by species, tissue cell type, tumor type, monoclonal antibody specificity, special applications (e.g. virus studies) and originator's designation.

Write in 706 on Reader Service Card

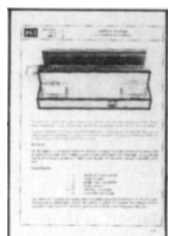

Orion Research, Inc. (Cambridge, MA) has published a 60-page technical guide on 22 **methods of pH and ion-selective electrodes** for water and wastewater analysis. Helpful bibliographies are included at the end of each method.

Write in 705 on Reader Service Card

Available from PolyScience Corp. (Niles, IL), is an 11-page catalog of **Analytical Standards** describing over 1,000 standards and several related reference books for solving analytical problems, and chemical kits for identification of unknown chromatographic peaks, teaching of gas and thin layer chromatography, IR and UV spectrometry, and melting point determinations.

Write in 702 on Reader Service Card

Hacker Instruments, Inc. (Fairfield, NJ) offers a data sheet describing its new continuous machine for **automatic staining of histological and cytological slides**.

Write in 707 on Reader Service Card

Promega Biotec (Madison, WI) has published its new 1985/86 Catalogue and Applications Guide to **molecular biologicals**. Included are: transcription systems, cloning and cDNA synthesis, restriction enzymes, synthesis and modification of nucleic acids, and cloning vectors.

Write in 709 on Reader Service Card

Gallenkamp (Loughborough, U.K.) has issued a new 20-page, full-color brochure on its new **meters for pH, ion, conductivity, and dissolved oxygen measurement**.

Write in 703 on Reader Service Card

Markson Science's (Phoenix, AZ) free fall catalog features 56 color-illustrated pages of **biochemistry and pharmaceutical lab supplies**. It includes the latest conductivity meters, pH electrodes, spectrophotometer cells/cuvettes, and other items for safe, simplified lab work. Free samples of some disposable items are offered.

Write in 708 on Reader Service Card

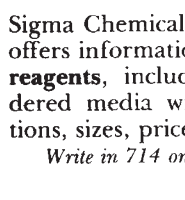

Fisher Scientific (Pittsburgh, PA) offers its Chemical Index '86 with specifications for thousands of **reagents for industrial, clinical, government, educational and research labs**. Included are special grades for sensitive instrumental analyses and diagnostic procedures.

Write in 710 on Reader Service Card

Labsphere, Inc. (North Sutton, NH) offers a 4-page brochure describing a new **diffuse reflectance and transmittance accessory** for the Perkin-Elmer Lambda-9 spectrophotometer. It includes a description of its easy, accurate conversion and operation.

Write in 704 on Reader Service Card

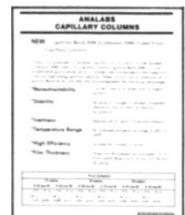

Sigma Chemical Co. (St. Louis, MO) offers information on its **cell culture reagents**, including sera and powdered media with product descriptions, sizes, prices, and discussions.

Write in 714 on Reader Service Card

A new 32-page, full-color products source book is available from FMC Corp. (Rockland, ME). Products for **genetic studies and biotechnology research** are featured.

Write in 711 on Reader Service Card

A 12-page technical report on the new Analabs gamma Bond 20M **fused silica capillary columns** is now available from the Foxboro Co. (Foxboro, MA). The columns have advantages including stability, inertness, and temperature range extension from 20–260°C.

Write in 715 on Reader Service Card

Varian Instrument Group (Palo Alto, CA) offers literature on **HPLC analytical systems** of high-performance liquid chromatography equipment with applications including polypeptide and polynucleotide purification, amino acid analysis, protein microsequencing, and semi-preparative chromatography.

Write in 713 on Reader Service Card

Literature from Omega Engineering, Inc. (Stamford, CT) introduces its **Temperature Measurement Handbook and Encyclopedia™**, describing over 15,000 products. Prices and technical information are included.
