In the version of this article initially published, the bands showing NF- κ B-p50 in Figure 1b, and the columns for GFP and mCherry in Figure 5a were incorrectly labelled. The corrected panels for these fig-

ures are shown below. The Figure 7b legend should read "... (15, 5, 2 μ l)" instead of "... (10, 5, 2 μ l)". These errors have also been corrected in the HTML and PDF versions of the article.
