Nature Cell Biology **19**, 384–390 (2017); published online 6 March 2017; corrected after print 12 May 2017

In the version of this Letter originally published, the authors inadvertently omitted a key reference. The following reference has been added: '37. Chozinski, T. J. *et al.* Expansion microscopy with conventional antibodies and fluorescent proteins. *Nat. Methods* **13**, 485–488 (2016)'. Original reference 37 has been renumbered to reference 38 accordingly. Furthermore, a new sentence citing this reference has been added at the end of the 'Fixed and live cell imaging' section in the Methods: 'Super-resolution expansion microscopy was performed as described³⁷'. These changes have been made in the online version of the Letter.
