

# Erratum: Fission and fusion scenarios for magnetic microswimmer clusters

Francisca Guzmán-Lastra, Andreas Kaiser & Hartmut Löwen

*Nature Communications* 7:13519 doi:10.1038/ncomms13519 (2016); Published 22 Nov 2016; Updated 17 Jan 2017

This Article contains an error in Reference 18 that was introduced during the production process. The correct reference should be:

Steinbach, G. *et al.* Stirrers and movers actuated by oscillating fields. Preprint at arXiv:1607.04733 (2016).

Reference 18 should have been cited in the second paragraph of the ‘Discussion’ section as follows: ‘For magnetic dipoles it has been shown that the actuation by an oscillating external magnetic field enables the propulsion of structurally non-deforming chains and rings up to  $N=5$  particles<sup>18</sup>.’ and ‘The recent experimental developments provide evidence that our predictions about fission and fusion can be verified in granular and colloidal magnetic swimmers<sup>14,18,25</sup> as well as in magnetotactic bacteria<sup>56–58</sup>.’.
