In the version of this Letter originally published, in the discussion of Fig. 5c on page 514, the fitting function should have been $\Delta = A|\cos(\theta - \theta_0 \pm \pi/2)| + B$, and the offsets of θ_0 should have been $-30 \pm 4°$ and $-39 \pm 5°$ for $V_{sg} = -0.5$ V and 1.0 V, respectively. These errors have been corrected in the HTML and PDF versions of the Letter.
