

## **CORRECTION**

### AMP KINASE AND MALONYL-COA: TARGETS FOR THERAPY OF THE METABOLIC SYNDROME

*Neil Ruderman and Marc Prentki*

*Nature Rev. Drug Discov.* 3, 340–351 (2004)

Neil Ruderman's correct address is 650, not 715, Albany Street. Table 2 title should have been 'Effect of factors that increase AMPK and/or decrease malonyl CoA' (the word 'decrease' was omitted from the published version).
