Motor helps gliders to gain traction

Andrew Jermy

Nature Reviews Microbiology **9**, 398 (2011); doi:10.1038/nrmicro2579

In this Research highlight, we omitted to mention an earlier publication that had shown similar results to the article discussed. We have now added the following reference to alert readers to this:

FURTHER READING

Nan, B. *et al.* Myxobacteria gliding motility requires cytoskeleton rotation powered by proton motive force. *Proc. Natl Acad. Sci USA* **108**, 2498–2503 (2011)

We apologize to the authors of the earlier study for this omission.
