

ADDENDUM

The gut–renal axis: do incretin-based agents confer renoprotection in diabetes?

Marcel H. A. Muskiet, Mark M. Smits, Linde M. Morsink & Michaela Diamant

Nat. Rev. Nephrol. 10, 88–103 (2014); doi:10.1038/nrneph.2013.272

It is with regret that the editors of *Nature Reviews Nephrology* inform readers of the passing of Professor Michaela Diamant on 9 April 2014. Future correspondence for this article should be addressed to Marcel H. A. Muskiet (ma.muskiet@vumc.nl).
