Neuropsychopharmacology (2019) 44:655–656; <https://doi.org/10.1038/s41386-018-0253-z>

Correction to: *Neuropsychopharmacology* (2017), <https://doi.org/10.1038/npp.2017.94>

Following the publication of this article the authors noted an error in Fig. 5. The units of blood concentration for ketamine and

norketamine should be ng/mL, as per the assay details in Materials and methods section, and not nM/ml as presented in the figure. A revised Fig. 5 is in the correction article. The authors apologize for any inconvenience caused.
