- MSc in EBHC Systematic Reviews
- MSc in EBHC Medical Statistics
- DPhil in Evidence-Based Health Care
- Postgraduate Diploma in Health Research
- Postgraduate Certificate in Health Research
- Short courses in Evidence-Based Health Care.

For further information visit the website at <https://www.conted.ox.ac.uk/about/evidence-based-healthcare>

MSc in Evidence for Public Policy and Practice

Evidence for Policy and Practice Information and Co-ordinating (EPPI) Centre, Social Science Research Unit, Institute of Education, London

This MSc has been designed for graduates and policy-makers, practitioners, managers and researchers who want to become more skilled in systematic reviewing and develop a critical understanding of the relationships between research evidence and public policy and practice. Students will be encouraged to build their studies around their own areas of interest. These could relate to social welfare, education, crime and justice, transport, health and health promotion, housing or any other area of social policy or practice. This degree can be completed in one year full-time or over two years part-time. Core course modules are delivered in four full-day sessions, one week apart. These modules can be taken as short courses without accreditation.

Further information: please visit our website (<http://eppi.ioe.ac.uk/cms/Default.aspx?tabid=168>.)

MSc Evidence-based Health Care – University of Manchester

This distance-learning MSc is relevant for healthcare professionals and health scientists from all fields of healthcare, and will enable you to interpret and communicate research evidence as applied to a variety of settings. There is a specific focus on the design and conduct of systematic reviews and the development and application of evidence-based guidelines into practice.

Further information is available at <http://www.manchester.ac.uk/study/masters/courses/list/10368/msc-evidence-based-health-care/>

If you have an evidence-based dentistry event or workshop you would like to include here, please contact us at ebdeditor@nature.com
