Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-017-01795-8>, published online 15 November 2017

The original version of this article contained an error in the Methods section ‘Viruses and drugs’. The timing for drug treatment of CHME3 4 × 4 or 293T cells with γ -secretase inhibitor or BACE1 inhibitor was incorrectly given as ‘1 day prior to infection or transfection’ and should have stated ‘4 or 6 h post transfection or infection, respectively’. This error is now corrected in both the PDF and HTML versions of the Article.
