Correction to: *Nature Plants* <https://doi.org/10.1038/s41477-019-0511-z>, published online 16 September 2019.

In the original version of this Article, “CYP72A9” was incorrectly written as “CPY72A9” in Fig. 7; additionally, the associated legend “CYP72A is highlighted in red” should have read “CYP72A9 is highlighted in red”. These errors have now been amended.
