Pemberton, Jingli Yang, Vineetha Jayawarna, Wich Orapiriyakul, Karl Burgess, Cristina González-García, Gavin Blackburn, Dilip Thomas, Catalina Vallejo-Giraldo, Manus J. P. Biggs, Adam S. G. Curtis, Manuel Salmerón-Sánchez, Stuart Reid and Matthew J. Dalby

Correction to: *Nature Biomedical Engineering* <https://doi.org/10.1038/s41551-017-0127-4>; published online 12 September 2017.

In the version of this Article originally published, in Fig. 4f, the asterisk was missing; in Fig. 6a–c, the labels ‘Wnt/ $\beta$ -catenin signalling’, ‘Wnt/ $\text{Ca}^+$  pathway’ and ‘ERK’ and their associated lines/arrows were missing; and in Fig. 6d and in the sentence beginning “In MSCs that were...”, ‘myosin’ and ‘nanostimulated’, respectively, were spelt incorrectly. These errors have now been corrected in all versions of the Article.
