**Carolina E. Hagberg & Kirsty L. Spalding** 

In the version of the article initially published, references 80 and 81 were inadvertently swapped. Additionally, in Box 3, the sentence “for reviews of the challenges and limitations of single-cell analysis in WAT, see refs. 81,82,286–288” was originally missing “81”. These errors have been corrected in the HTML and PDF versions of the article.
