**Lisa Heinke**

In the version of the article initially published, the final three sentences were omitted, as was a related article section, which now includes the reference Park, S. et al. The mammalian midbody and midbody remnant are assembly sites for RNA and localized translation. *Dev. Cell* **58**, 1917–1932 (2023). This has been corrected in the HTML and PDF versions of the article.
