Correction to: *Nature* <https://doi.org/10.1038/nature25137>, published online 10 January 2018.

In the top right panel of Fig. 1a of this Letter, we inadvertently showed the chemical structure of elaidic acid (*trans*-9-octadecenoic acid), rather than that of oleic acid (*cis*-9-octadecenoic acid) used in the paper. Figure 1 of this Amendment shows the original and corrected structures. This error has not been corrected online.

Fig. 1 | This figure shows the original and corrected top structure of the right panel of Fig. 1a of the original Letter. **a**, The as-published structure of *trans*-9-octadecenoic acid. **b**, The structure of *cis*-9-octadecenoic acid that should have been published.
