# Author Correction: The first amber caridean shrimp from Mexico reveals the ancient adaptation of the *Palaemon* to the mangrove estuary environment

Bao-Jie Du, Rui Chen, Xin-Zheng Li, Wen-Tao Tao, Wen-Jun Bu, Jin-Hua Xiao & Da-Wei Huang Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-019-51218-5>, published online 29 October 2019

The information in the Methods section of this Article is incomplete.

The fossil was obtained from raw amber; large quantities of rough stones were purchased from songang amber (international) trading market in China, and the sample was found after polishing. The fossil is available to the public at the Paleo-diary Museum of Natural History, and is located on the fourth floor of the Zhongguan Books Building, Haidan, Beijing, China; the code for the specimen is STJ172.
