

OPEN Publisher Correction: Seagrass can mitigate negative ocean acidification effects on calcifying algae

Published online: 12 June 2020

Ellie Bergstrom, João Silva, Cíntia Martins & Paulo Horta

Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-018-35670-3>, published online 13 February 2019

In the original version of this Article, Cíntia Martins was incorrectly listed as a second corresponding author. The correct and only corresponding author for this Article is Ellie Bergstrom. Correspondence and request for materials should be addressed to ellie.bergstrom@griffithuni.edu.au.

Further to this, the original version of this Article omitted an affiliation for Ellie Bergstrom. The correct affiliations for Ellie Bergstrom are listed below:

School of Environment & Science and Australian Rivers Institute – Nathan Campus, Griffith University, 170 Kessels Road, Brisbane, Nathan, Queensland, 4111, Australia

Laboratory of Phycology, Department of Botany, Center for Biological Sciences, Federal University of Santa Catarina, 88040-970 Florianópolis, SC, Brazil

These errors have now been corrected in the HTML and PDF versions of the Article, and in the accompanying Supplemental Material.
