

DID YOU TREAT THESE PATIENTS?

An Investigating Officer looking into alleged historic abuse at Kirklevington Detention Centre, Yarm, Cleveland, has contacted the *BDJ* asking for help tracing former wardens/governors who worked at Kirklevington between 1963 and 1987.

Investigating Officer Kevin Stockley has a list of wardens/governors from that period, but no addresses or contact details.

If you hold any records whatsoever in the North East area for any of the following names, please email kevin.stockley2@cleveland.pnn.police.uk:
1981-1985 Governor/Warden Mr A. J. Brackenborough
1977-1981 Warden Mr A. Stapleton
1974-1977 Warden Mr D. A. Marsden
1971-1973 Warden Mr W. A. Williamson
1963-1969 Warden Mr D. Preston.

PHOTO STORY

The organising committee for the TGSA from Glasgow Dental Hospital and School: (l-r) Lorna Murphy, Faith Hodgins, Emma Finnegan, Jamie Dickie, Kirstyn Donaldson, Ailsa Malone, Fiona McDowall, Neil Henderson

The Training Grade Staff Association (TGSA) from Glasgow Dental Hospital and School held their annual Burns Supper on 7 February 2015 at the Grand Central Hotel, Glasgow.

The TGSA is a non-profit organisation run by a committee made up from core trainees, specialty registrars and

postgraduate students. Throughout the year it organises social and educational events for the training grade staff of the West of Scotland.

This year's Burns Supper event raised £3,000 which will be split evenly between Medics Against Violence and Robin House Children's Hospice.

WORLD ORAL HEALTH DAY

World Oral Health Day is celebrated throughout the world on 20 March each year with a wide range of activities to raise awareness of the importance of oral health to help reduce the global burden of oral disease. As this issue goes to press planned activities for the 2015 World Oral Health Day include a media campaign on

local radio stations and free dental check-ups for over 500 children in Senegal; a selfie contest under this year's theme 'Smile for life' in Spain; free oral health assessments and fluoride treatments for all children attending a camp in Liberia; and an attempt to achieve a world record for the most amount of voluntary dentistry done in one day in Australia.
