

GLOBAL CONSUMPTION OF SUGAR

This map has been reproduced from *The challenge of oral disease – a call for global action*, the latest edition of *The Oral Health Atlas* published by the FDI World Dental Federation. The new, second edition of the *Atlas* focuses on the policy actions related to improving prioritisation of oral health. It is available to download at <http://www.fdiworldental.org/oral-health-atlas>. We hope to publish further graphics from *The challenge of oral disease* in future issues of the *BDJ*.
