## **Corrigendum: Ammonium sorption and ammonia inhibition of nitrite-oxidizing bacteria explain contrasting soil N<sub>2</sub>O production**

Rodney T. Venterea, Timothy J. Clough, Jeffrey A. Coulter, Florence Breuillin-Sessoms, Ping Wang & Michael J. Sadowsky

*Scientific Reports* 5:12153; doi: 10.1038/srep12153; published online 16 July 2015; updated on 08 February 2016

Ping Wang and Michael J. Sadowsky were omitted from the author list in the original version of this Article. This has been corrected in the PDF and HTML versions of the Article.

The Author Contributions section now reads:

“RV and TC designed and conducted the experiments. RV developed the equations, performed data reduction, prepared the figures and wrote the manuscript. JC performed the statistical analyses. PW, MS and FB-S developed the qPCR methods. FB-S conducted the qPCR analyses. TC, JC and FB-S revised and wrote specific sections of the manuscript.”
