Corrigendum: Recovery of Interdependent Networks

M. A. Di Muro, C. E. La Rocca, H. E. Stanley, S. Havlin & L. A. Braunstein

Scientific Reports **6**:22834; doi: 10.1038/srep22834; published online 09 March 2016; updated on 26 April 2017

The Supplementary Information file originally published with this Article omitted Reference 1, and a number of equations contained errors. Therefore,

$$p_1^A = p_0^A \frac{g_B[q_0^B]}{g_A[q_0^A]}.$$

now reads:

$$p_1^A = q_0^A \frac{g_B[q_0^B]}{g_A[q_0^A]}.$$

$$p_1^B = p_0^B \frac{g_A[p_1^B]}{g_B[q_0^B]},$$

now reads:

$$p_1^B = q_0^B \frac{g_A[p_1^A]}{g_B[q_0^B]},$$

$$P_\infty^B(n) = \overline{P_{\infty,n-1}^B} \frac{\left(1 - G_0^A\left(1 - f_{\infty,n}^A\right)\right)\left(1 - G_0^B\left(1 - f_{\infty,n}^B\right)\right)}{\left(1 - G_0^A\left(1 - \overline{f_{\infty,n-1}^A}\right)\right)\left(1 - G_0^A\left(1 - \overline{f_{\infty,n-1}^B}\right)\right)},$$

now reads:

$$P_\infty^B(n) = \overline{P_{\infty,n-1}^B} \frac{\left(1 - G_0^A\left(1 - f_{\infty,n}^A\right)\right)\left(1 - G_0^B\left(1 - f_{\infty,n}^B\right)\right)}{\left(1 - G_0^A\left(1 - \overline{f_{\infty,n-1}^A}\right)\right)\left(1 - G_0^B\left(1 - \overline{f_{\infty,n-1}^B}\right)\right)},$$

These errors have been corrected in the Supplementary Information that now accompanies the Article.
