December 1988
Volume 58 Number 6

Contents

Guest Editorials
691 The multidrug resistance phenotype
Kaye, S.

695 Gastric cancer—the recognition of a chemosensitive tumour
Cunningham, D.

Experimental Oncology
700 A cytotoxic agent can be generated selectively at cancer sites

704 Structure and expression of c-fos protooncogene mRNA in Epsion-Barr virus converted cell lines
Brockell, P.M. & Patel, M.

710 Partial deletion of chromosome 11p in breast cancer correlates with size of primary tumour and oestrogen receptor level
Markar, J.; Elder, P.A.; Porteous, D.J.; Steel, C.M.; Hawks, R.A.; Giong, J.T. & Cherry, U.

715 In situ hybridisation and S, mapping show that the presence of infiltrating plasma cells is associated with poor prognosis in breast cancer

723 Phenotypic and genotypic heterogeneity of peripheral T-cell lymphoma

730 Comparison of the antieukaemic activity of 5-aza-2'-deoxycytidine and arabinofuranosylcytosine in rats with myeloctic leukaemia
Richel, D.J.; Colly, L.P.; Larkin, E. & Wilkens, R.

734 Predictive chemosensitivity testing in malignant melanoma: Reliable methodology—ineffective drugs

738 Chemotherapy—radiation interactions in human cervix carcinoma xenografts
Torkin, K.S.; Sisation, L.R. & Steel, G.G.

742 Cinnarizine and flunarazine as radiation sensitisers in two mouse tumours
Wood, P.J. & Hirst, D.G.

746 Sensitivity of locally recurrent rat mammary tumour cell lines to syngenic polymorphonuclear cell, macrophage and natural killer cell cytolyis
Aved, P.A. & Welch, D.R.

753 Expression of class I and II major histocompatibility complex antigens in Wilms' tumour and normal developing human kidney

762 Immunohistochemical study of typical and atypical broncho-pulmonary carcinoid tumours
Al-Subari, N.; White, A.; Moore, M. & Heselton, P.S.

767 Quantitation of autoantiobodies to cytokeratins in sera from patients with squamous cell carcinoma of the oesophagus
Vale, R.B.; Thorne, A.L.; Scott, E.; Antoni, A. & Segal, I.

773 Somatic changes in B-lymphoto-proliferative disorders (B-PLL) detected by DNA-fingerprinting
De Jong, P.; Vousden, B.M.; Khun-Yelmany, J.C.; Van Ommen, G.J.B. & Klein, Ph.M.

776 The killing effects of 4S-sesquiterpenoids and analogs on human melanoma cells
Yamada, I.; Seki, S.; Ito, S.; Matsubara, O.; Suzuki, S. & Kasuga, T.

Clinical Oncology/Epidemiology

779 High dose BNCU chemotherapy with autologous bone marrow transplantation and full dose radiotherapy for grade IV astrocytoma

783 Survival, response and immune effects in a prospectively randomized study of dose strategies for alfa-N1 interferon

788 Genetically homogenous chorio-carcinoma following pregnancy with hydatidiform mole

791 Bone disease in testicular and extragonadal germ cell tumours
Hitchins, R.N.; Philip, P.A.; Wignall, B.; Newlands, E.S.; Bunting, R.H.J.; Rustin, G.J.N. & Bagshaw, K.D.

797 The value of tumour markers in lung cancer
Conn, S.A.; Kevoll, B.; Alchter, F.; Holtson, P.N. & Swindell, R.N.

805 The prognostic influence of serum neuron specific enolase in small cell lung cancer

808 Histiocytic lymphoma of breast responds to Tamoxifen
Mills, R.R.; Bubron, I.G.; Ruben, R.D. & Ivanov, P.G.

810 Epidermal growth factor receptor (EGFR) status associated with failure of primary endocrine therapy in elderly postmenopausal patients with breast cancer
Nicholson, N.; Magowan, P.; Sinibay, J.R.G.; Angus, R.; Chambers, P.; Farnham, J.R. & Harris, A.L.

815 The association of mammary serum antigen (MSA) with the histopathological findings in localised breast cancer
Tambor, J.J.; Beumun, I.; Russell, J.S.; Collins, J.P.; Reel, R.G. & McKenzie, I.F.C.

818 Phase I 2 study of carboplatin vincristine methotrexate bleomycin (COMB) in cancer of the cervix
Rustin, G.J.S. & Newlands, E.S.

820 Reproductive factors and risk of cervical cancer by cell type: A prospective study.
Kaane, G.; Hulch, I. & Nilson, S.

825 Lung cancer and passive smoking: Predicted effects from a mathematical model for cigarette smoking and lung cancer
Darby, S.C. & Pike, M.C.

832 Cigarette smoking, alcohol consumption and risk of breast cancer in young women
Adami, H.O.; Lund, E.; Bergstrom, R. & Moritz, O.

838 The inter-regional epidemiological study of childhood cancer (IRI-SEC): Case control study of children with bone and soft tissue sarcomas
