

BJP

Themed Issues

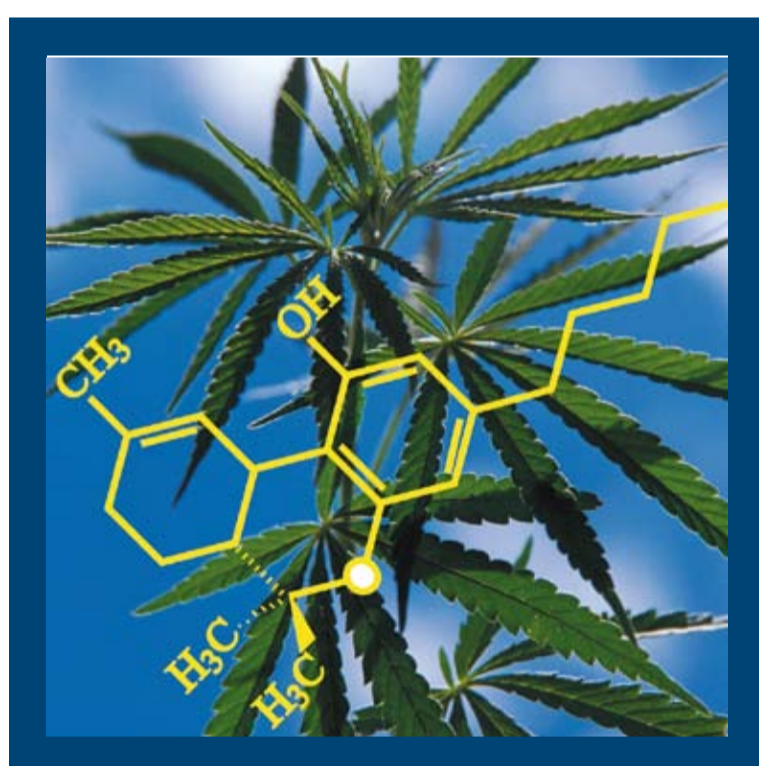

Today's science, tomorrow's medicines

Essential reading for pharmacologists: *BJP* themed issues highlight topics of particular interest to the field, providing an up-to-date overview of the current status and future developments.

Experts in the field: Each issue is edited by a highly respected Guest Editor with expert knowledge and experience.

Citable content: Each themed issue includes an Editorial, Review Articles, Commentaries, Opinion Pieces, and Research Papers of relevance to the field, and all themed issues are published as part of the regular issue sequence of *BJP*.

Further information: To submit your manuscript or ask for further information, please contact your themed issue Guest Editor via the *BJP* Editorial Office: bjp@bps.ac.uk.
