Owing to a typesetting error, Figure 2a was published incorrectly; the correct figure is shown.

In the results section, the authors should have corrected the third and fourth allele (loci DYS389I and DYS389II) for two haplotypes:

16-13-10-28-24-11-11-13 should be 16-13-13-31-24-11-11-13
16-12-10-27-25-10-11-13 should be 16-12-13-30-25-10-11-13
