Following the publication of this article, the authors found that one of the figures was duplicated. The below Figure 3d is the correct figure.

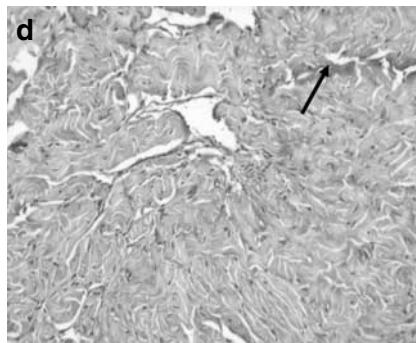

Figure 3 Representative immunohistochemical localization of TGF- β 1 in the control, diabetic and DA-8159-treated rats ($\times 100$) ((a) normal control; (b) diabetic control; (c) DA-8159 5 mg/kg and (d) DA-8159 20 mg/kg). Arrows indicate positive staining for TGF- β 1.
