

Author's Note

Journal of Cerebral Blood Flow & Metabolism (2007) 27, 1095; doi:10.1038/sj.jcbfm.9600503

Author's note: 'Cerebral ischemia and reperfusion: the pathophysiologic concept as a basis for clinical therapy' written by Drs. Bernhard Schaller and Rudolf Graf (*JCBFM* 2004, 24:351–71).

The above-mentioned review article was followed by a 'Note from the Editor' published in *JCBFM* 2005 25:291. The undersigned author hereby tries to clarify the matter.

In the above-mentioned review article, portions were included from the review article written by

Drs. Thomas A. Kent, Vicky M. Soukup, and Roderic H. Fabian, 'Heterogeneity affecting outcome from acute stroke therapy making reperfusion worse' (*Stroke* 2001, 10:2318–27), and the Kent *et al.* article was not referenced.

In the editorial review phase, the authors were focused on making rather substantial suggested editorial changes.

Dr. Bernhard Schaller
