## table of suppliers

Company	Products/activity	Location	URL
Proteomics			
Abgent	Polyclonal and monoclonal antibodies; customized antibody development; off-the-shelf and custom proteins and peptides; protein-expression services	San Diego, California	www.abgent.com
ctive Motif	TransAM ELISA kits for transcription-factor assays; antibodies; peptide nucleic acids for gene silencing; kits and reagents for cell fractionation; nucleic acid isolation	Carlsbad, California	www.activemotif.com
eyond Genomics	Target validation using a systems biology approach	Waltham, Massachusetts	www.beyondgenomics.com
iacore	Analysis and measurement of biomolecular interactions using surface plasmon resonance	Uppsala, Sweden	www.biacore.com
phergen	ProteinChip system for protein identification and characterization from complex mixtures using SELDI technology	Fremont, California	www.ciphergen.com
pharmatica	Biopendium and CeleraEdition Biopendium proteome annotation resources; PharmaCarta	London, UK	www.inpharmatica.com
ybrigenics	Target identification from protein interaction pathways and experimental validation services	Paris, France	www.hybrigenics.com
erini Array Technology	Substrate identification service for kinases using pepSTAR peptide microarray technology	Berlin, Germany	www.jerini.com
eyNeurotek	Functionality and tissue-based screening for target identification, validation and compound/drug testing. Disease models available for glutamate-induced neurodegeneration and ischaemia/stroke	Magdeburg, Germany	www.keyneurotek.de
IDS Proteomics	Target validation using proteomics-based systems biology	Toronto, Canada	www.mdsproteomics.com
TorphoSys	Antibodies by Design custom monoclonal antibodies; HuCAL GOLD library	Martinsried, Germany	www.antibodyservices.com
anVera	Protein reagents and assays for receptor and enzyme activity	Madison, Wisconsin	www.panvera.com
epscan	Chip with 1,200 protein kinase targets (peptides)	Lelystad, the Netherlands	www.pepscan.com
nenomix	Identification of disease models, drug targets and validation for immune, metabolic, neurological and respiratory diseases	La Jolla, California	www.phenomixcorp.com
roteome Factory	Target identification and validation	Berlin, Germany	www.proteome-factory.de
ED Bioscience	Catalogue and custom antibodies; immunoassay kits; 'DNA to antibody' custom monoclonal and polyclonal antibodies by mouse genetic immunization	San Diego, California	www.qedbio.com
ssueInformatics	TissueAnalytics high-throughput automated histology laboratory service, analytical software; drug target discovery	Pittsburgh, Pennsylvania	www.tissueinformatics.com
pstate	KinaseProfiler specificity testing, IC50Profiler Express and services for crystallography assay development, bulk protein production and purification; chromatin immunoprecipitation kits; signalling proteins	Charlottesville, Virginia	www.upstate.com
erion Pharmaceuticals	XStream proprietary antibody-based target inhibition technology	Martinsried, Germany	www.xerion-pharma.com
yomyx		Houseard Colifornia	www.zyomyx.com
