BEHAVIORAL  
NEUROSCIENCE**

**RUTGERS UNIVERSITY,  
NEWARK**

One tenure-track faculty position in behavioral/cognitive neuroscience is available at the assistant professor level. We seek scientists with a research focus on brain/behavior relationships that affect human mental or neurological disorders, who would be stimulated by the integrative focus and collaborative environment of the Center (see [www.cmbn.rutgers.edu](http://www.cmbn.rutgers.edu)). The Center has state-of-the-art human and animal facilities, a 3T Seimens fMRI research-dedicated scanner and an Integrative Neuroscience Doctoral Program.

Send CV, three letters of references and statement of research goals to: Dr. Paula Tallal, Rutgers University, Center for Molecular & Behavioral Neuroscience, 197 University Avenue, Newark, New Jersey 07102.

*Rutgers is an affirmative action/equal opportunity employer.*
