

Manuscript #:..... **Nature Clinical Practice**
 (“the Journal”) **Urology**

Title of the contribution:
 (“the Contribution”)

Author(s):
 (“the Authors”)

To: Nature Publishing Group, a division of Macmillan Publishers Ltd, (“NPG”)

1. In consideration of NPG agreeing to publish the Contribution in the Journal the Author(s) hereby assign (where relevant by way of present assignment of future rights) to NPG all copyright and other intellectual property or related rights (“Rights”) in the Contribution throughout the world for the full term of protection and all renewals, revivals and extensions.
 - a) The Author(s) are the sole authors of and sole owners of the Rights in the Contribution. If the Contribution includes materials of others, the Author(s) have either (i) obtained a written assignment from the owners of the copyright in all such materials to enable the Author(s) to grant the rights contained herein and attached copies of all such documents to this assignment: or (ii) identified such material on the list attached to this assignment with sufficient information to enable NPG to obtain such an assignment or such permissions necessary to exercise the rights granted herein;
 - b) All of the facts contained in the Contribution are true and accurate;
 - c) The Author who has signed this Agreement has full right, power and authority to enter into this Agreement on behalf of all of the Author(s);
 - d) Nothing in the Contribution is obscene, defamatory, violates any right of privacy or publicity, infringes any intellectual property rights (including without limitation copyright, database rights or trade mark rights) or any other human, personal or other rights of any person or entity or is otherwise unlawful; and
 - e) Nothing in the Contribution infringes any duty of confidentiality which any of the Author(s) may owe to anyone else or violates any contract, express or implied, of any of the Author(s), and all of the institutions in which work recorded in the Contribution was created have authorised publication of the Contribution.
2. Although ownership of all Rights in the Contribution is transferred to NPG, NPG hereby grants to the Author(s) a licence of the following non-exclusive, non-transferable rights, provided that (i) the rights must not be exercised before first publication of the Contribution in the Journal by the NPG; and (ii) when reproducing or referring to the Contribution or extracts from it the Author(s) must include an acknowledgement of NPG’s ownership and first publication in the Journal [substantially in the following form: First published in [Journal name, issue number, volume number, year, DOI] © Nature Publishing Group, a division of Macmillan Publishers Limited]:
 - a) They and any academic institution where they work at the time may reproduce the Contribution for the purpose of course teaching
 - b) To reproduce, or to allow a third party publisher to reproduce the Contribution in whole or in part in any printed volume (book or thesis) authored by the Authors(s) subject to NPG’s prior written approval to be granted at NPG’s sole discretion; and
 - c) To post a copy of the Contribution as accepted for publication after peer review (in Word or Tex format) on the Author’s own web site, or the Author’s institutional repository, or the Author’s funding body’s archive, six months after publication of the printed or online edition of the Journal, provided that they also link to the Journal article on NPG’s web site (eg through the DOI).
 - d) To reuse figures or tables created by the Author(s) and contained in the Contribution in oral presentations and other works created by them.
3. The Author(s) warrant and represent that:
 4. The Author(s) hereby consent to the inclusion of electronic links from the Contribution to third-party material wherever it may be located. The Author(s) hereby provide their consent and waive their rights provided for in section 80 of the Copyright, Designs and Patents Act 1988 to the extent such consent and waiver is a necessary condition of any exercise of the Rights by NPG.

This Agreement shall be governed by and construed in accordance with the laws of England without regard to the principles of conflicts of law. The parties hereto submit to the non-exclusive jurisdiction of the English courts.

Signed for and on behalf of the Author(s)

DECLARATION OF COMPETING INTERESTS

Definition of competing interests

Financial (from any organization that might gain or lose financially from publication of the paper): research support or employment (including salaries, equipment, supplies, reimbursement for attending symposia and other expenses) in the past 5 years, currently or anticipated; any stocks or shares; and other interests, such as consultation fees or other remuneration. Patents or patent applications whose value may be affected by publication should also be declared.

Nonfinancial: competing interests can also be nonfinancial. Please contact the editorial office with regard to any interests about which you are unsure.

Please check one of the following:

1. The authors have competing interests such as those defined above or others that might be perceived to influence the content of this article.
2. The authors have no competing interests such as those defined above or others that might be perceived to influence the content of this article.
3. The authors decline to respond to this request for information.

If you have checked box 1, please specify the competing interests (continue on a separate page if necessary):

In your article, under a heading "Competing interests", we will publish the relevant text:

"The author(s) declared competing interests; go to the article online for details."

"The authors declared they have no competing interests."

"The author(s) declined to provide information about competing interests."

CONTRIBUTIONS STATEMENT

Please list the contributions of all named authors to the writing of the paper. Although this information will not be published in the final version of the paper, any author who cannot be shown to have made a substantial contribution to writing cannot be included in the author line. Their names can, however, appear in the Acknowledgment section of the article.
