What causes schizophrenia? .................................................. 295

news and views

Experience-dependent development of NMDA receptor transmission .......... 297
Kevin Fox, Jeremy Henley and John Isaac
> SEE ARTICLE, PAGE 352

A tale of two spikes ............................................................ 299
Yves Frégnac
> SEE ARTICLE, PAGE 339

BMPs: time to murder and create? ...................................... 301
Gordon Fishell
> SEE ARTICLE, PAGE 358

Anandamide: a candidate neurotransmitter heads for the big leagues ........ 303
David W Sef
> SEE ARTICLE, PAGE 352

book review

The brain’s past ................................................................. 305
BY JOHN ALLMAN
Reviewed by Russell D Fernald

scientific correspondence

Nerve growth factor acts via retinoic acid synthesis to stimulate neurite outgrowth ........................................ 307
J Corcoran and M Mäder

A molecular correlate of memory and amnesia in the hippocampus ......... 309
S M Taubenfeld, K A Wiig, M F Bear and C M Alberini
review

Frontal cortex contributes to human memory formation. .................. 311
R L Buckner, W M Kelley and S E Petersen

articles

Pore dilation of neuronal P2X receptor channels .................. 315
C Virginio, A M MacKenzie, F A Rassendren, R A North and A Surprenant

Neuronal P2X transmitter-gated cation channels change their ion selectivity in seconds. .................. 322
B S Khakh, X R Bao, C Labarca and H A Lester

G-protein-coupled receptors act via protein kinase C and Src to regulate NMDA receptors .................. 331
W-Y Lu, Z-G Xiong, S Lei, B A Orser, E Dudek, M D Browning and J F MacDonald

BMPs inhibit neurogenesis by a mechanism involving degradation of a transcription factor .................. 339
J Shou, P C Rim and A L Calof
> SEE NEWS AND VIEWS, PAGE 301

Presynaptic depolarization facilitates neurotrophin-induced synaptic potentiation .................. 346
L Boulanger and M-M Poo

Rapid, experience-dependent expression of synaptic NMDA receptors in visual cortex in vivo .................. 352
E M Quinlan, B D Philpot, R L Huganir and M F Bear
> SEE NEWS AND VIEWS, PAGE 297

Dopamine activation of endogenous cannabinoid signaling in dorsal striatum .................. 358
A Giuffrida, L H Parsons, T M Kerr, F Rodriguez de Fonseca, M Navarro and D Piomelli
> SEE NEWS AND VIEWS, PAGE 303

Involvement of striate and extrastriate visual cortical areas in spatial attention .................. 364

A physiological correlate of the ‘spotlight’ of visual attention .................. 370
J A Brefczynski and E A De Yoe

Attention activates winner-take-all competition among visual filters .................. 375
D K Lee, L Itti, C Koch and J Braun

Emotional responses to pleasant and unpleasant music correlate with activity in paralimbic brain regions .................. 382
A J Blood, R J Zatorre, P Bermudez and A C Evans
