Supplementary Figure 2

Relative α1-ACHR expression level

Innervated

Wild type  HDAC9 -/-

Denervated

Wild type  HDAC9 -/-

Relative myogenin expression level

Innervated

Wild type  HDAC9 -/-

Denervated

Wild type  HDAC9 -/-
Supplementary Figure 2  *Myogenin* and *AChR* α subunit are expressed at the same levels in wild type and *HDAC9*−/− mice. Gene expression was evaluated in TA muscle by real time RT-PCR. Error bars correspond to s.e.m.
