CONTROL (pre-injection)

- Plethysmograph (V)
- INT diaphragm EMG (V)
- EEG (V)
- Neck ENG (V)
CONTROL (pre-injection)

- Plastysmograph (V)
- INT diaphragm EMG (V)
- EEG (V)
- Neck EMG (V)
Supplementary Figure 2: Continuous 5 minute physiological recordings pre-injection (control). Tracings of plethysmograph, integrated diaphragm EMG, EEG and raw neck EMG. Respiratory pattern was regular during wakefulness and sleep.
