Generalized arterial calcification of infancy: treatment with bisphosphonates

Kim Ramjan, Tony Roscioli, Frank Rutsch, David Sillence and Craig Munns

Original article Ramjan, K. *et al.* Generalized arterial calcification of infancy: treatment with bisphosphonates. *Nat. Clin. Pract. Endocrinol. Metab.* **5**, 167–172 (2009).

In the March 2009 issue of *Nature Clinical Practice Endocrinology & Metabolism*, the last sentence on page 2, column 2, paragraph 3 should have read “In view of her excellent clinical progress and increasing DEXA values, the risedronate sodium dose was reduced to 2.5 mg weekly.”
