ERRATUM.—The publishers of G. Spiller's "A New System of Scientific Procedure," included in last week's list, are Messrs. Watts and Co., and not Messrs. Chatto and Windus as stated.

CONTENTS.

	PAGE
British Dyes and Dyestuffs	673
A War Memorial	675
The New Medicine	676
Non-Ferrous Metallurgy. By E. C.	677
The Confidences of Men of Science. By The Professor of Biology	677
Our Bookshelf	678
Letters to the Editor:—	
Biological Terminology.—Sir G. Archdall Reid, K.B.E.	680
Solar Eclipse Results and the Principle of Relativity.—C. E. Stromeyer; Sir. F. W. Dyson, F.R.S.	682
The Atomic Radius and the Ionisation Potential.—Prof. Megh Nad Saba	682
American and British Superannuation Systems.—Dr. John W. Evans, F.R.S.; W. Palin Elderton	683
A Novel Magneto-Optical Effect.—Prof. J. W. McBain	683
Science and Civilisation.—J. Henderson Smith and Major A. G. Church	684
Bees and Scarlet-Runner Beans.—Harford J. Lowe	684
A New Theorem on the Double Pendulum.—H. S. Rowell	684
Ochreous Flint Artefacts from Sheringham.—J. Reid Moir	684
The Drought and Underground Water.—Bernard Hobson	684
The Application of Interference Methods to Astronomy. (Illustrated.) By H. Spencer Jones	685
The Paris Conference of the Museums Association	688
Congress on the History of Medicine	690
Notes	691
Our Astronomical Column:—	
The August Meteors	694
Search for Meteors from the Pons-Winnecke Radiant	694
Statistics of Proper Motions	694
The Universities and Technological Education. By Prof. A. Smithells, F.R.S.	695
New Apparatus for Showing the Tracks of α -, β -, and X-rays. (Illustrated)	697
Scientific and other Aspects of Beer	698
The Ancient and Modern Inhabitants of Malta	699
The Rothamsted Experimental Station	699
University and Educational Intelligence	700
Calendar of Scientific Pioneers	701
Societies and Academies	702
Books Received	704
