

## Corrigendum

### **High-dose cyclophosphamide, etoposide and carboplatin with autologous bone marrow support for metastatic breast cancer: long-term results**

WJ Baker, SJ Vukelja, LM Burrell, N Lee and JJ Perry

*Bone Marrow Transplantation* 1998; **21**: 775-778

Since publication of the above paper it has been noted that the third author, Linda M Burrell was inadvertently omitted. Dr Burrell served as Director of Autologous Stem Cell

Transplantation at Walter Reed Army Medical Center from 1991 to 1994 and contributed approximately one-half of the cases to this study. A full list of the authors is given above.
