

FORTHCOMING EVENTS

Wednesday, September 12

SOCIETY OF ENVIRONMENTAL ENGINEERS (in the Mechanical Engineering Department, Imperial College of Science and Technology, London, S.W.7), at 6 p.m.—Mr. Russell Lowe (U.S.A.): "Structural Damping Allied to the Isolation of Electronic Equipment".

Thursday, September 13—Friday, September 14

BIOCHEMICAL SOCIETY (in the Department of Agricultural Biochemistry, Institute of Rural Science, Penglais, Aberystwyth)—Colloquium on "Biochemistry of Plant Pigments" followed by original communications.

Thursday, September 13—Friday, September 14

BRITISH NUCLEAR ENERGY SOCIETY (at the Institution of Civil Engineers, 1-7 Great George Street, London, S.W.1)—Symposium on "The Advanced Gas-Cooled Reactor".

Friday, September 14

SOCIETY OF NON-DESTRUCTIVE EXAMINATION (at the Institution of Mechanical Engineers, 1 Birdcage Walk, Westminster, London, S.W.1), at 3.30 p.m.—Dr. M. McCraig: "Magnetic Factors in Testing Materials".

APPOINTMENTS VACANT

APPLICATIONS are invited for the following appointments on or before the dates mentioned:

LECTURER (graduate or equivalent qualifications, and with sound industrial and teaching experience) IN ELECTRICAL ENGINEERING, to be responsible, under the Head of the Department of Engineering, for the development and supervision of electrical engineering courses and laboratories—The Principal, Aylesbury College of Further Education, County Offices, Aylesbury, Bucks. (September 14).

ELECTRONICS DESIGNER, Experimental Officer or Senior Experimental Officer grade (with a degree in physics or electrical engineering, or comparable qualification) IN THE DEPARTMENT OF CHEMISTRY, to collaborate with members of the teaching staff in designing and constructing electronic equipment to be used in research work in the Department—The Registrar, The University, Manchester 13 (September 15).

HOSPITAL BIOLOGIST (with a university degree in physiology, biochemistry or zoology, or similar qualifications) IN THE DEPARTMENT OF CHEMICAL PATHOLOGY, for routine bioassay and chemical procedures mainly in the field of clinical endocrinology; research facilities also available—The Deputy Director, Vincent Square Laboratories of Westminster Hospital, 124 Vauxhall Bridge Road, London, S.W.1 (September 15).

RESEARCH FELLOW (preferably with a knowledge of many-electron atom theory and of computing) IN THEORETICAL CHEMISTRY, to work with Dr. H. O. Pritchard on exact calculations for lithium and beryllium using the Atlas computer—The Registrar, The University, Manchester 13 (September 15).

HARGREAVES RESEARCH ASSISTANT (graduate in agriculture, agricultural science or science) IN AGRICULTURE, to do research over a period of three years on fertilizer placement in beet and potatoes—The Registrar, The University, Leeds 2 (September 17).

RESEARCH STUDENT (graduate in zoology) IN ZOOLOGY, to undertake research in relation to the ecology of the food consumed by salmonid fish—The Secretary, The University, Exeter (September 17).

SENIOR RESEARCH OFFICER (honours graduate in agriculture or science, with tropical experience or other evidence of appropriate research and administrative ability) at the Forest Products Station, Kade, University of Ghana, to accept professional and administrative responsibility for the running of the Station in consultation with a Committee of Management composed of members of the Faculty of Agriculture—The Registrar, University of Ghana, P.O. Box 25, Legon, Accra or The Assistant Registrar (Overseas), University of Ghana, 15 Gordon Square, London, W.C.1 (September 17).

SENIOR LECTURER IN ECONOMICS in the Faculty of Social Science, Queen's College—The Secretary of the University of St. Andrews, Queen's College, Dundee (September 22).

ASSISTANT EXPERIMENTAL OFFICER (graduate, drawing ability an advantage) IN THE NEMATOLOGY DEPARTMENT, to work on the taxonomy of plant-parasitic nematodes—The Secretary, Rothamsted Experimental Station, Harpenden, Herts. (September 24).

BACTERIOLOGIST, Scientific Officer or Senior Scientific Officer grade, at the Marine Laboratory, Aberdeen, to be responsible for statutory diagnosis of furunculosis and other diseases in salmonid fish, and to undertake research either in such diseases or in bacteriological aspects of marine productivity—The Establishment Officer, Department of Agriculture and Fisheries for Scotland, Room 73, St. Andrew's House, Edinburgh 1 (September 24).

LECTURER or ASSISTANT LECTURER IN BACTERIOLOGY—The Registrar, The University, Leeds 2 (September 24).

LECTURER (graduate with a good honours degree) IN SOCIOLOGY at the University College of Cape Coast, Ghana—The Assistant Registrar (Overseas), University of Ghana, 15 Gordon Square, London, W.C.1 (September 24).

ASSISTANT LIBRARIAN (graduate with university library experience, preferably male, age 30-45), for general, including administrative, duties—The Goldsmith's Librarian, University of London Library, Senate House, London, W.C.1 (September 28).

SENIOR LECTURER (with an honours or higher degree in chemical engineering and with research and teaching or industrial experience) IN CHEMICAL ENGINEERING at the University of Cape Town, South

Africa—The Secretary, Association of Universities of the British Commonwealth, Marlborough House, Pall Mall, London, S.W.1 (September 28).

LECTURER or ASSISTANT LECTURER IN STABILITY AND CONTROL OF AEROELASTICITY IN THE DEPARTMENT OF AERONAUTICS AND ASTRONAUTICS—The Secretary and Registrar, The University, Southampton (September 29).

PHYSICIST/MINERALOGIST (with a university honours degree in science, with adequate training in mathematics, physics and chemistry, preferably with postgraduate training to Ph.D. level or equivalent research qualifications in some field of X-ray studies) IN THE MINERALOGY SECTION, Division of Soils, C.S.I.R.O., Adelaide, South Australia, to undertake research on soil problems by X-ray techniques—Mr. P. F. Butler, Chief Scientific Liaison Officer, Australian Scientific Liaison Office, Africa House, Kingsway, London, W.C.2, quoting Appointment No. 270/246 (September 29).

LECTURER (with qualifications in either pure or applied mathematics) IN MATHEMATICS at the University of Canterbury, Christchurch, New Zealand, to engage in research in his own field or to assist with the work in the field of rocket ballistics already in progress in the mathematics department—The Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (September 30).

LECTURER or JUNIOR LECTURER IN SOCIAL ANTHROPOLOGY at Rhodes University, Grahamstown, South Africa—The Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (September 30).

SENIOR LECTURER and LECTURER IN THE DEPARTMENT OF MATHEMATICS, University of the Witwatersrand, Johannesburg, South Africa—The Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (South Africa and London, September 30).

SENIOR RESEARCH FELLOW (with Ph.D. or equivalent postgraduate research experience) IN THE DEPARTMENT OF ZOOLOGY, Royal College, Nairobi, for work on the nature of the host/parasite relationships of Ixodid ticks—The Secretary, Inter-University Council for Higher Education Overseas, 29 Woburn Square, London, W.C.1 (September 30).

LECTURER IN PHILOSOPHY at the University of Melbourne, Australia—The Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia and London, October 15).

LECTURER IN PHYSICAL CHEMISTRY at the University of Sydney, Australia—The Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (October 15).

LECTURER (with postgraduate qualifications and research interests in sensation and perception) IN PSYCHOLOGY at the University of Auckland, New Zealand—The Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (October 15).

SENIOR LECTURER IN SOCIAL ANTHROPOLOGY at the University of Sydney, Australia—The Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (October 15).

PHYSICIST (with an honours degree in physics, and preferably with a special interest and aptitude in electronics) IN THE PHYSICS SECTION of the Anti-Cancer Foundation, for work on problems arising from the application of ionizing radiation to the diagnosis and treatment of disease—The Secretary, The University of Adelaide Anti-Cancer Foundation, Adelaide, South Australia (November 1).

BIBLIOGRAPHIC ASSISTANT, to assist with literature search and abstracting in connexion with medical and scientific research—Prof. A. C. Frazer, Department of Medical Biochemistry and Pharmacology, The University, Birmingham 15.

BIOCHEMIST (non-medical) for the Group Laboratory, Guildford—The Hospital Secretary, St. Luke's Hospital, Guildford, Surrey.

BIOCHEMIST (science graduate, preferably with an honours degree in chemistry) IN THE CHEMICAL PATHOLOGY DEPARTMENT, for duties including routine investigations and participation in research—The Senior Consultant Pathologist, Queen Elizabeth Hospital for Children, Hackney Road, London, E.2.

CHIEF TECHNICIAN, to take charge of electronic medical workshop—The House Governor, The Hospital for Sick Children, Great Ormond Street, London, W.C.1.

ENTOMOLOGIST (Medical) (national of, and resident in, Great Britain or the Republic of Ireland, with an honours degree in Zoology, and preferably with postgraduate specialist experience in entomology) with the Government of Uganda, to work under the general direction of the Senior Entomologist (Medical) on the general problems of medical entomology and the control of vector borne diseases; the duties will entail a great deal of field work involving considerable physical hard-ship—The Director of Recruitment, Department of Technical Co-operation, 3 Sanctuary Buildings, Great Smith Street, London, S.W.1, quoting RC.205/153/018.

PRINCIPAL BIOCHEMIST (male, with a university science degree, associate or graduate member of the Royal Institute of Chemistry), for duty at H.M. Prison, Wormwood Scrubs, London—Establishment Officer (JB.052), Prison Commission, Horseferry House, Dean Ryle Street, London, S.W.1.

RESEARCH SCHOLAR or ASSISTANT (with a degree or diploma in technology, and with an interest in the applications of computers) IN THE COMPUTER CENTRE, to engage in a programme of research in methods of numerical analysis suitable for a medium-sized computer, the preparation of an Algol compiler or an approved data handling topic—The Academic Registrar, Loughborough College of Technology, Loughborough, Leics, quoting reference 21/G.

SCIENTIFIC OFFICER or SENIOR SCIENTIFIC OFFICER (honours graduate in applied mathematics), to work on problems in rheology, theory of plasticity, theory of elasticity and thermal stresses—Dr. N. F. Astbury, Director of Research, The British Ceramic Research Association, Queen's Road, Penkhull, Stoke-on-Trent.

TECHNICIAN (with suitable qualifications and preferably with a knowledge of photography or tissue culture) to assist in chromosome research—Dr. Martin Bodian, Department of Morbid Anatomy, Hospital for Sick Children, Great Ormond Street, London, W.C.1.
