

FORTHCOMING EVENTS

Wednesday, August 28—Wednesday, September 4

BRITISH ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE (at Aberdeen)—125th Annual Meeting.

Wednesday, August 28

At 7.30 p.m.—Sir Eric Ashby, F.R.S.: "Investment in Man" (Presidential Address).

Thursday, August 29

At 10 a.m.—Prof. J. Monteath Robertson, F.R.S.: "A Physical Approach to Chemical Structures" (Presidential Address, Section B).

At 10 a.m.—Dr. F. Fraser Darling: "The Unity of Ecology" (Presidential Address, Section D).

At 10 a.m.—Dr. S. G. Hooker, F.R.S.: "Future of the Aeroplane in Civil and Military Fields" (Presidential Address, Section G).

At 10 a.m.—Prof. J. McMichael, F.R.S.: "The Contribution of Clinical Medicine to Physiology" (Presidential Address, Section I).

At 10 a.m.—Dr. T. P. Morris: "Science and Morals in the Treatment of Deviant Behaviour" (Lister Lecture).

At 11.20 a.m.—Sir Charles Morris, K.C.M.G.: "Personal Values in Education" (Presidential Address, Section L).

At 11.30 a.m.—Prof. W. J. H. Spratt: "Problems of Penology" (Presidential Address, Section N).

At 2.30 p.m.—Sir Raymond Priestley: "Antarctic Exploration Yesterday and To-day" (York Lecture).

Friday, August 30

At 10 a.m.—Dr. J. S. Forrest: "High Voltage Insulation" (Presidential Address, Section A).

At 10 a.m.—Prof. H. C. Darby: "British National Parks" (Presidential Address, Section E).

At 10 a.m.—Mr. E. J. H. Corner, F.R.S.: "The Tropical Botanist" (Presidential Address, Section K, K*).

At 10 a.m.—Prof. Martin Jones: "Providing Food for Man and Beast" (Presidential Address, Section M).

At 11.30 a.m.—Prof. O. L. Zangwill: "Cerebral Localization of Psychological Function" (Presidential Address, Section J).

At 11.30 a.m.—Prof. D. J. Robertson: "The Present Position of the City" (Presidential Address, Section X).

At 8 p.m.—Prof. C. F. Carter: "Problems of Economic Growth" (Evening Discourse).

Sunday, September 1

At 11 a.m.—Service in the West Church of St. Nicholas, Union Street. Minister: The Reverend Anderson Nicol, M.A., J.P. Preacher: The Reverend Prof. John M. Graham, D.D.

Monday, September 2

At 10 a.m.—Prof. J. H. Taylor, F.R.S.: "Some Aspects of Diagenesis" (Presidential Address, Section C).

At 10 a.m.—Prof. T. Wilson: "The Price of Growth" (Presidential Address, Section F).

At 10 a.m.—Mr. Peter Opie: "The Tentacles of Tradition" (Presidential Address, Section H).

At 10.10 a.m.—Prof. H. M. Steven: "The Beneficent Forest" (Chairman's Address, Section K*).

At 2 p.m.—Dr. J. N. Murrell: "Colour and Chemical Constitution" (Kelvin Lecture).

Wednesday, September 4

At 10 a.m.—Dr. L. Wolpert: "Growing in a Definite Shape" (Darwin Lecture).

APPOINTMENTS VACANT

APPLICATIONS are invited for the following appointments on or before the dates mentioned:

LECTURER (with a degree or equivalent qualifications, and teaching and/or industrial experience) mainly for PHYSICS and ELECTRONICS, to teach at various levels to National Certificate and Higher National Diploma classes—The Principal, R.R.E. College of Electronics, Royal Radar Establishment, Malvern (August 28).

TEMPORARY LECTURER or TEMPORARY ASSISTANT LECTURER (preferably with interests in the biology of fish) in MARINE BIOLOGY—The Registrar, University College of North Wales, Bangor, North Wales (August 29).

LECTURER IN REFRACTORIES AND CERAMIC TECHNOLOGY—The Registrar, The University, Sheffield (August 31).

SENIOR LECTURER IN THE COMPUTING LABORATORY—The Secretary of University Court, The University, Glasgow (August 31).

RESEARCH STUDENT IN APPLIED PHYSICS—The Registrar, The University, Hull (September 1).

LECTURER IN ANIMAL PATHOLOGY in the School of Veterinary Medicine, for duties which include teaching and research—Dr. T. D. Kellaway, Secretary of the Appointments Committee, Department of Pathology, The University, Tennis Court Road, Cambridge (September 6).

SENIOR LECTURER and a LECTURER (with an honours degree in mathematics, and preferably a higher degree, and some experience of research) IN MATHEMATICS at the University of Queensland, Brisbane, Australia—The Secretary, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (London and Brisbane, September 6).

EXPERIMENTAL OFFICER IN THE DEPARTMENT OF CHEMISTRY in the Faculty of Sciences, to be concerned with preparative work involving the synthesis of inorganic molecules containing isotopically labelled atoms—The Registrar, The University, Manchester 13 (September 7).

LECTURER IN ANALYTICAL CHEMISTRY—The Staff Officer, College of Advanced Technology, Gosta Green, Birmingham 4, quoting Ref. 8/63/6 (September 9).

LABORATORY TECHNICIANS (2) IN PHYSIOLOGY—The Registrar, University of New South Wales, Armidale, New South Wales, Australia (September 13).

FELLOW (with a Ph.D. degree in physics or metallurgy, or research experience of an equivalent standard and duration, supported by satisfactory evidence of research ability) IN METAL PHYSICS IN THE DIVISION OF TRIBOPHYSICS, Commonwealth Scientific and Industrial Research Organization, Melbourne, Australia, to join a group studying the properties of defects in crystals—Chief Scientific Liaison Officer, Australian Scientific Liaison Office, Africa House, Kingsway, London, W.C.2, quoting Appointment No. 370/153 (September 14).

RESEARCH OFFICER or SENIOR RESEARCH OFFICER (with a Ph.D. degree in an appropriate field or postgraduate research experience in physics of research ability) IN THE DIVISION OF PHYSICS, National Standards Laboratory, Commonwealth Scientific and Industrial Research Organization, Chippendale, New South Wales, Australia, to undertake research into new and improved methods of measuring temperature—Chief Scientific Liaison Officer, Australian Scientific Liaison Office, Africa House, Kingsway, London, W.C.2, quoting Appointment No. 770/257 (September 14).

SENIOR LECTURER IN CHEMICAL PATHOLOGY to undertake duties primarily teaching and research—The Secretary, St. Thomas's Hospital Medical School, London, S.E.1 (September 14).

ASSOCIATE PROFESSOR or LECTURER/SENIOR LECTURER IN THE DEPARTMENT OF FARM MANAGEMENT within the Faculty of Agricultural Economics, University of New England, Armidale, New South Wales, Australia—The Secretary, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia and London, September 15).

LECTURERS or ASSISTANT LECTURERS (2) IN THE DEPARTMENT OF GEOGRAPHY, University of Malaya—The Secretary, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Malaya and London, September 15).

LECTURER or ASSISTANT LECTURER (preferably pure mathematician) IN MATHEMATICS—The Secretary, The University, Aberdeen (September 16).

MAP CURATOR (with a good honours degree in geography and preferably appropriate library experience)—The Registrar, The University, Hull (September 16).

LECTURER or SENIOR LECTURER (qualified by training and experience to help in the teaching of general invertebrate zoology and some special aspect of physiology, preferably of invertebrate animals) IN ZOOLOGY at the University of Adelaide, Adelaide, South Australia—The Secretary, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia, September 20).

LECTURER/SENIOR LECTURER (preferably with experience in radiochemistry and/or radiation chemistry) IN PHYSICAL CHEMISTRY at the University of Sydney, Australia—The Secretary, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia and London, September 20).

SENIOR LECTURER IN CHEMICAL PATHOLOGY—The Registrar, The University, Sheffield (September 21).

LECTURER/SENIOR LECTURER IN BIOLOGY in any field of animal biology at the University of Sydney, Australia—The Secretary, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia and London, September 23).

PHYSIOLOGIST, for metabolic studies in the Pig Laboratory—The Secretary, Institute of Animal Physiology, Agricultural Research Council, Babraham, Cambridge (September 23).

PROFESSOR OF EXPERIMENTAL PHYSICS at the University of Adelaide—The Secretary, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia, September 30).

PROFESSOR OF INORGANIC CHEMISTRY at the University of Adelaide, Adelaide, South Australia—The Secretary, The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia, September 30).

READER (with appropriate academic qualifications and teaching experience) IN PHILOSOPHY at the University of Hong Kong—The Secretary, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Hong Kong and London, September 30).

CHAIR OF PHARMACOLOGY—The Registrar, University of Newcastle upon Tyne, 6 Kensington Terrace, Newcastle upon Tyne 2 (October 12).

ELECTRON MICROSCOPIST (with at least a B.Sc. in physics or life sciences, and preferably previous experience of electron microscopy), to take charge of the New Zealand Medical Research Council's Electron Microscope Unit at the University of Otago Medical School, Dunedin—The Secretary, The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 or The Administrative Office, New Zealand Medical Research Council, Box 913, Dunedin, New Zealand (Dunedin, October 12).

CHAIR OF BIOCHEMISTRY at Lincoln College, University of Canterbury, New Zealand—The Secretary, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (New Zealand and London, October 31).

CHAIR OF HORTICULTURE at Lincoln College, University of Canterbury, New Zealand—The Secretary, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (New Zealand and London, October 31).

PROFESSOR OF ENGINEERING at Newcastle University College, The University of New South Wales, Australia—The Agent-General for New South Wales, 56 Strand, London, W.C.2; and The Appointments Section, The University of New South Wales, Box 1, Post Office, Kensington, New South Wales, Australia (October 31).

ASSOCIATE PROFESSOR (preferably candidate working on the integrative aspects of mammalian physiology, especially in the neuroendocrine, gastrointestinal or cardiovascular fields) IN PHYSIOLOGY—Prof. J. W. Pearce, Department of Physiology, Faculty of Medicine, University of Alberta, Edmonton, Alberta, Canada.

DEMONSTRATOR, to give laboratory instruction in plant physiology and general botany—Head, Department of Biology and Botany, University of British Columbia, Vancouver 8, B.C., Canada.

ELECTRON MICROSCOPIST (scientifically or medically qualified, interested in furthering technical aspects of electron microscopy with reference to general biological problems, and preferably with previous biological experience) IN THE ELECTRON MICROSCOPY DEPARTMENT, to take charge of the work—The Secretary, Lister Institute of Preventive Medicine, Chelsea Bridge Road, London, S.W.1.

FIELD ZOOLOGIST (male, single, with a university honours degree in zoology, an interest in ornithology, and preferably some research and/or teaching experience) for the post of Assistant Warden at Flatford Mill Field Centre
