

FORTHCOMING EVENTS

(Meetings marked with an asterisk are open to the public)

Wednesday, September 14

SOCIETY FOR ANALYTICAL CHEMISTRY, THIN-LAYER CHROMATOGRAPHY GROUP (at the Enfield College of Technology, Queensway, Enfield), at 2 p.m.—Meeting on "Some Applications of Thin-Layer Chromatography in Pharmacy".

INSTITUTE OF PETROLEUM (at 61 New Cavendish Street, London, W.1), at 5.30 p.m.—Mr. J. Thomson and Mr. P. W. Harrison: "The Development of a New HD Engine Oil for Marine Service".

OIL AND COLOUR CHEMISTS' ASSOCIATION, LONDON SECTION (in the Physics Department, Imperial College, London, S.W.7), at 6.30 p.m.—Mr. D. A. Bayliss: "Problems of Paint Users".

Thursday, September 15—Friday, September 16

BIOCHEMICAL SOCIETY (at University College, Aberystwyth) 463rd MEETING. Programme will include Colloquia on "Training of Biochemists" and "Biochemistry of Herbicides".

Friday, September 16

TELEVISION SOCIETY (in the Conference Suite, I.T.A., 70 Brompton Road, London, S.W.3), at 7 p.m.—Mr. W. T. Underhill: "A Four Tube Colour Camera".

Monday, September 19

SOCIETY OF CHEMICAL INDUSTRY, PLASTICS AND POLYMER GROUP (at Shell Centre, London, S.E.1), at 6.30 p.m.—Dr. V. E. Yarsley: "Hermann Staudinger, His Life and Work".

Monday, September 19—Wednesday, September 21

CHARLES SALT RESEARCH CENTRE (at the Robert Jones and Agnes Hunt Orthopaedic Hospital, Oswestry, Shropshire)—Symposium on "The Biological Effects of Phytohaemagglutinin".

APPOINTMENTS VACANT

APPLICATIONS are invited for the following appointments on or before the dates mentioned:

LECTURERS (2) (with a good honours degree in chemical engineering and industrial/research experience) in the **DEPARTMENT OF CHEMICAL ENGINEERING**—The Staff Officer, The University of Aston in Birmingham, Gosta Green, Birmingham, 4, quoting Ref. 493/2 (September 14).

SCIENTIFIC OFFICER, BASIC GRADE (with a science degree) in the Serological Laboratories of the South London Transfusion Centre—The Director, South London Transfusion Centre, Stanley Road, Sutton, Surrey (September 14).

MEDICAL OFFICER (highly qualified in medicine and with extensive experience in cardiovascular research as well as in the organization of cardiovascular disease control programmes) in the **HEADQUARTERS UNIT OF CARDIOVASCULAR DISEASES, GENEVA**. Responsibilities will also involve planning, initiation and international co-ordination of research and control programmes in cerebrovascular diseases—Chief, Personnel, World Health Organization, Geneva, Switzerland (September 15).

SENIOR LECTURER IN SOCIOLOGY—The Registrar, University College of South Wales and Monmouthshire, Cathays Park, Cardiff (September 15).

EXPERIMENTAL OFFICER (at least 26 on 1st January, 1966, with a degree, Dip. Tech., H.N.C. or equivalent qualification in a scientific subject) in London, to provide support for the scientific staff whose task it is to implement the Council's policy over the whole range of its interests in the environmental sciences (geology, geophysics, hydrology, oceanography, marine biology, ecology and forestry)—The Natural Environment Research Council (B), Room 1221A, State House, High Holborn, London, W.C.1 (September 16).

LECTURER IN CLINICAL CHEMISTRY in the recently expanded **DEPARTMENT OF CLINICAL CHEMISTRY, Queen's College, Dundee**, and the Royal Infirmary, Dundee—The Secretary, University of St. Andrews, Queen's College, Dundee (September 17).

LECTURER OR ASSISTANT LECTURER (mathematician with research interests in any branch of pure mathematics or mathematical statistics) in the **DEPARTMENT OF PURE MATHEMATICS**—The Registrar, University College of Swansea, Singleton Park, Swansea, South Wales (September 17).

SENIOR LECTURER IN THE DEPARTMENT OF CHEMICAL PATHOLOGY—Prof. F. T. G. Prunty, Department of Chemical Pathology, St. Thomas's Hospital Medical School, London, S.E.1 (September 19).

SUPERVISOR OF PROJECTS IN THE DEPARTMENT OF SOCIOLOGY, to supervise and arrange research projects for graduate and undergraduate students—The Registrar, University of Essex, Wivenhoe Park, Colchester, Essex (September 23).

ASSISTANT EXPERIMENTAL OFFICER OR EXPERIMENTAL OFFICER to work on selective herbicides in vegetable crops—The Secretary, National Vegetable Research Station, Wellesbourne, Warwick (September 24).

ASSISTANT LECTURER (preferably candidate who has worked in the field of insect physiology) in **ZOOLOGY**—The Secretary, Birkbeck College (University of London), Malet Street, London, W.C.1 (September 26).

SENIOR LECTURER AND A LECTURER IN MICROBIOLOGY at the University of the West Indies—The Secretary, Senate Committee on Higher Education Overseas, University of London, Senate House, London, W.C.1 (September 26).

SENIOR LECTURER OR LECTURER IN (a) THE DEPARTMENT OF MEDICINE; and (b) THE DEPARTMENT OF RADIOLOGY, University of Ibadan, Nigeria—The Secretary, Senate Committee on Higher Education Overseas, University of London, Senate House, London, W.C.1 (September 26).

LECTURER IN BIOCHEMISTRY IN RELATION TO VETERINARY STUDIES—The Secretary of the University Court, The University, Glasgow (September 28).

LECTURER/SENIOR LECTURER (with a distinguished academic record and able to produce evidence of strong research interests and experience) in the **DEPARTMENT OF STATISTICS, School of Mathematics, University of New South Wales**—The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia and London, September 28).

LECTURER/SENIOR TUTOR IN MATHEMATICS at the Broken Hill Division, University of New South Wales—The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia and London, September 28).

TEMPORARY LECTURER OR DEMONSTRATOR IN ANATOMY—The Registrar, University of Bristol, Senate House, Tyndall Avenue, Bristol, 2 (September 28).

LECTURER IN MEDICAL CARDIOLOGY—The Secretary of the University Court, The University, Glasgow (September 30).

LECTURER OR ASSISTANT LECTURER (with experience in, and a good theoretical understanding of, public health engineering and hydrology) in the **DEPARTMENT OF CIVIL ENGINEERING**—The Registrar, The University, Leeds, 2 (September 30).

LECTURER (or possibly, initially, a Departmental Demonstrator) in **PALAEONTOLOGY IN THE DEPARTMENT OF GEOLOGY AND MINERALOGY**—The Prof. of Geology, Department of Geology and Mineralogy, University of Oxford, South Parks Road, Oxford (September 30).

LECTURER (with a distinguished academic record) in **CHEMISTRY** at the Broken Hill Division, University of New South Wales—The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia and London, September 30).

PATHOLOGIST (Forensic Medicine) (with appropriate professional qualifications and relevant experience) in the **MINISTRY OF HEALTH, Republic of the Sudan**—Appointments Section, Sudan Embassy, 3 Cleveland Row, London, S.W.1, quoting Ref. 4/1200 (September 30).

SENIOR LECTURER (with full training in psychology and special experience in clinical psychology and preferably a higher degree Ph.D. or equivalent) in **CLINICAL PSYCHOLOGY** at the University of Queensland, Australia—The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (September 30).

TUTORS OR SENIOR TUTORS IN THE DEPARTMENT OF MATHEMATICS—The Registrar (Appointment E. 74), The University of Melbourne, Parkville, N.2, Victoria, Australia (September 30).

JUNIOR RESEARCH FELLOW IN GEOGRAPHY; and a CLIMATOLOGIST (preferably honours graduate in geography and/or physics, mathematics or meteorology) to work in a research unit in the **DEPARTMENT OF GEOGRAPHY**—The Registrar, The University, Sheffield (October 1).

RESEARCH ASSISTANT (with an honours degree in botany, or an equivalent qualification, and preferably with some field knowledge of bryophytes) in the **DEPARTMENT OF BOTANY** to assist in an investigation of the environmental control of reproduction in bryophytes—The Assistant Registrar (Science and Engineering), The University of Birmingham, P.O. Box 363, Birmingham, 15 (October 1).

SUB-LIBRARIAN (graduate, with a professional qualification in librarianship, and appropriate senior experience)—The Secretary, Royal College of Advanced Technology, Salford, 5, Lancashire, quoting Ref. LY/19 (October 2).

SENIOR LECTURER (with a good degree, preferably honours, extensive experience in teaching, advisory or research work in agriculture, and preferably an interest in possible changes in agricultural education) in **AGRICULTURE**—The Secretary, The West of Scotland College of Agriculture, 6 Blythswood Square, Glasgow, C.2 (October 5).

PROFESSOR OF MATHEMATICS at the University of Queensland, Australia—The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (London and Brisbane, October 14).

PROFESSOR (with a medical qualification registrable in the State of Queensland, extensive experience in some branch of pathology, evidence of substantial achievements in research, and preferably some teaching experience) of **PATHOLOGY** at the University of Queensland, Australia—The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (London and Brisbane, October 14).

SENIOR LECTURER (Pure Mathematics) at the University of Melbourne, Australia—The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia and London, October 15).

CHAIR OF AGRICULTURE at Makerere University College, Uganda (The University of East Africa)—The Inter-University Council, 33 Bedford Place, London, W.C.1 (October 22).

CHAIR OF MICROBIOLOGY at the University of Sydney, Australia—The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia and London, October 25).

PROFESSOR OF PHYSICS (Theoretical) at Flinders University of South Australia, Bedford Park, South Australia—The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia, October 31).

SENIOR LECTURER (with an honours degree in electrical engineering or science, and preferably a higher degree; and research or design experience in fields related to digital computers or digital data-processing and instrumentation systems) in **ELECTRICAL ENGINEERING** at the University of Adelaide, South Australia—The Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1 (Australia, October 31).

READER IN HISTORY AND PHILOSOPHY OF SCIENCE—The General Board Office, University of Cambridge, The Old Schools, Cambridge (November 16).

ASSISTANT EXPERIMENTAL OFFICERS for (a) work on identification and estimation of volatile substances which inhibit the sprouting of potatoes; and (b) experiments on the metabolism and storage of soft fruits and vegetables—The Secretary, A. R. C. Ditton Laboratory, near Maidstone, Kent.

BIOCHEMIST (with a degree, or equivalent, in biochemistry) in the **DEPARTMENT OF ANAESTHETIC RESEARCH**, to join a team engaged in work on isolated liver perfusion experiments and on intracellular pH measurements—The House Governor, The London Hospital, Whitechapel, London, E.1.

DEMONSTRATOR (graduate in biochemistry or chemistry) in **BIOCHEMISTRY**—The Acting Registrar, University College of Wales, Aberystwyth.

PHYSICIST to work on the physics of radiotherapy, clinical applications of radioactive isotopes, and radiation protection—The House Governor, St. Mary's Hospital, London, W.2.

POSTDOCTORAL FELLOW IN BIOCHEMISTRY for work which will involve studies on the control of metabolism by the thyroid hormones—Prof. J. R. Bronk, Department of Biology, University of York, Heslington, York.

RESEARCH WORKER (with an interest in the physiological basis of animal behaviour)—The Secretary, Institute of Psychiatry (University of London), The Maudsley Hospital, Denmark Hill, London, S.E.5.
