

British Diary

Monday, June 30

Computer Science and Technology (four-day conference) Institution of Electrical Engineers, at University of Manchester Institute of Science and Technology.

Fibres for Composites: Strength, Structure and Stability (two-day conference) Institute of Physics and the Physical Society, Materials and Testing and Carbon and Graphite Groups, at the University of Sussex, Brighton.

Health Physics (ten-day summer school of radiation protection) at Imperial College, London SW7.

Tuesday, July 1

Chemical Effects of Nuclear Transformations (three-day conference) Chemical Society, at the University of Cambridge.

Wednesday, July 2

Lasers in Medicine (three-day conference) Institute of Physics and the Physical Society in collaboration with the Royal Society of Medicine, the Ophthalmological Society of the UK; and the Hospital Physicists Association, at the Middlesex Hospital Medical School, London W1.

Friday, July 4

Polymers and Water (symposium) University of Wales Institute of Science and Technology, Cardiff.

Some Biochemical Aspects of Liver Disease (12.15 p.m.) Association of Clinical Biochemists, Southern Region, at the School of Pharmacy, Brunswick Square, London WC1.

Saturday, July 5

Theoretical Chemistry Summer School (fifteen days) Mathematical Institute and Wadham College, Oxford.

Monday, July 7

Auxiliary Power Service and Equipment for Road Vehicles (two-day symposium) Institution of Mechanical Engineers, at Cranfield.

Current Control Theory Research (exposition, five days) Institution of Electrical Engineers, at Warwick.

Summer Meeting (three days) British Society for the History of Science, at Churchill College, Cambridge.

Vacation School on Aerials (seventeen days) Institution of Electrical Engineers, at Birmingham University.

Reports and Publications

(not included in the monthly Books Supplement)

Great Britain and Ireland

University of Oxford. Annual Reports, 1967-1968. (Supplement No. 6 to the *University Gazette*, Vol. 99, May 1969.) Pp. 16. (Oxford: The University, 1969.) 5s. [205]

The Study of Things Caused. By Professor D. B. Brewer. (An Inaugural Lecture delivered in the University of Birmingham on 3rd December, 1968.) Pp. 14. (Birmingham: The University, 1969.) 3s.; \$0.36. [205]

Association of Commonwealth Universities. United Kingdom Post-graduate Awards 1969-71: Fellowships, Scholarships, Grants, etc., tenable at Universities in the United Kingdom. Short list of Awards tenable outside the United Kingdom. Pp. 215. (London: The Association of Commonwealth Universities, 1969.) 10s. [215]

Institute of Personnel Management. Personnel Management: a Bibliography. Pp. 153. (London: Institute of Personnel Management, 1969.) 15s. [215]

University of Cambridge, School of Agriculture. Agricultural Research and Teaching at Cambridge, Vol. 2 (comprising Review Series, Nos. 12-23). (Cambridge: The University, 1969.) 10s. [215]

Bulletin of the British Museum (Natural History). Zoology. Vol. 17, No. 8: Cyclophyllidean Cestodes from Birds in Borneo. By Michael D. B. Burt. Pp. 281-346. 32s. Vol. 18, No. 1: A Revision of the Lake Victoria *Haplochromis* Species (Pisces, Cichlidae). Part 7. By P. H. Greenwood and J. M. Gee. Pp. 1-65. 24s. (London: British Museum (Natural History), 1969.) [215]

The Early Diagnosis of Anaemia. By G. S. Kilpatrick. (OHE Early Diagnosis Paper No. 7.) Pp. 20. (London: Office of Health Economics, 1969.) 2s. 6d. [225]

Science Research Council. Daresbury Nuclear Physics Laboratory—Annual Report 1968. Pp. 72. (Daresbury, Nr. Warrington: Daresbury Nuclear Physics Laboratory, 1969.) [225]

The British Non-Ferrous Metals Research Association—Annual Report 1968. Pp. 50. (London: The British Non-Ferrous Metals Research Association, 1969.) [225]

The First Report on the Shortage of Teachers of Mathematics. Pp. 11. (Southend-on-Sea: The Institute of Mathematics and Its Applications, 1969.) [235]

Hawker Siddeley—Engineers to the World. (Descriptive Brochure.) (London: Hawker Siddeley Group, Ltd., 1969.) [235]

Other Countries

Pollution: What It Is—What It Does—What Can Be Done About It. Edited by W. J. Maunder, assisted by H. D. Foster. Pp. 115. (Victoria, BC: Evening Division, University of Victoria, 1969.) \$1.50. [205]

The Art of Looking at Broad Valleys. By C. H. Crickmay. Pp. 21. Some Central Aspects of the Scientific Study of Scenery. By C. H. Crickmay. Pp. 36. 81. (Calgary: C. H. Crickmay, 1968 and 1969. Available from Evelyn de Mille Books, 616 3rd Street, SW, Calgary.) [205]

Republic of South Africa. Department of Industries, Division of Sea Fisheries. Investigational Report No. 70: Physical Oceanography of the Walvis Ridge Region. By L. V. Shannon and M. Van Rijswijk. Pp. 19. (Sea Point, Cape Town: Director of Sea Fisheries, 1969.) [215]

Australia. Commonwealth Scientific and Industrial Research Organization. CSIRO Divisions and Sections 1969. Pp. 25. (East Melbourne: Commonwealth Scientific and Industrial Research Organization, 1969.) [215]

New South Wales State Cancer Council: Special Unit for Investigation and Treatment. Publication No. 15: Human Cancer—Second Survey. Mineral Metabolism of the Cancer Patient. By K. N. Wynne, Silvia Salasoo and S. H. Horton. Pp. 28. (Sydney: Australasian Medical Publishing Co., Ltd., 1968.) [215]

Bulletin of the Florida State Museum. Biological Sciences, Vol. 13, No. 2: Sea Turtles of the Guianas. By Peter C. H. Pritchard. Pp. 85-140. (Gainesville, Florida: Florida State Museum, 1969.) \$0.85. [215]

The Mutants of Maize: a Pictorial Survey in Colour of the Usable Mutant Genes in Maize with Gene Symbols and Linkage Map Positions Arranged by Chromosome Location. By M. G. Neuffer, Loring Jones and Marcus S. Zuber. Pp. 74. (Madison, Wisconsin: Crop Science Society of America, 1968.) [215]

Commonwealth of Australia. Department of Supply: Australian Defence Scientific Service. Defence Standards Laboratories, Report No. 332: Fungal Spora of the Air at J.T.R.U. Innisfail, November 1966-October 1967. By F. J. Upsher. Pp. 10+13 figures. (Ascot Vale, Victoria: Defence Standards Laboratories, 1969.) [215]

Museum of Comparative Zoology, Harvard University. Breviora. No. 310 (March 31, 1969): A Shovel-Tusked Gomphothero from the Miocene of Kenya. By Vincent J. Maglio. Pp. 10. No. 311 (March 31, 1969): The Genera *Apenesia* and *Dissomphalus* in Argentina and Chile (Hymenoptera, Bethyloidea). By Howard E. Evans. Pp. 23. No. 313 (March 31, 1969): Louis Agassiz's Numbers for Steamer *Blake* Stations of 1877-78, 1878-79. By M. M. Dick. Pp. 11. No. 314 (March 31, 1969): The Cranial Anatomy of the Permian Amphibian *Pantylus*. By Alfred Sherwood Romer. Pp. 37. No. 315 (March 31, 1969): *Stellicola dentifer* N. SP. (Copepoda, Cyclopoids). Associated with a Starfish in Jamaica. By Arthur G. Humes. Pp. 11. (Cambridge, Mass.: Museum of Comparative Zoology, Harvard University, 1969.) [215]

International Atomic Energy Agency. Atomic Energy in the Developing Countries—the 1968-69 Programme. (Addendum to the Agency's Report to the Economic and Social Council of the United Nations for 1968-69.) Pp. 48. (Vienna: International Atomic Energy Agency, 1969.) [225]

Science Council of Canada. Special Study No. 8: Scientific and Technical Information in Canada, Part I. Pp. x+62. (Ottawa: Queen's Printer, 1969.) \$1. [225]

European Space Research Organization. General Report 1968. Pp. 224. (Neully-sur-Seine: European Space Research Organization, 1969.) [225]

Annals of the South African Museum. Vol. 52, Part 7: Decapod Crustacea from the South-West Indian Ocean. By R. F. Kensley. Pp. 149-181. R. 2.10. Vol. 54: The Mydidae (Diptera) of Southern Africa. By A. J. Hesse. Pp. 1-388+2 plates. R. 13.50. (Cape Town: South African Museum, 1969.) [235]

Symposium on the Rhodesian Basement Complex, Salisbury, October 1967. Pp. 282. (Salisbury: The Geological Society of South Africa, 1969.) [235]

Pharmaceutical Manufacturers Association Foundation, Inc. 1968 Annual Report. Pp. 26. (Washington, D.C.: Pharmaceutical Manufacturers Association Foundation, Inc., 1969.) [235]

US Department of Commerce: National Bureau of Standards. Technical Note 481: A Semi-Automated Single Fingerprint Identification System. By J. H. Wegstein. Pp. ii+21. (Washington, D.C.: Government Printing Office, 1969.) \$0.30. [235]

HOW TO BUY NATURE

Volumes start in January, April, July and October, but subscriptions may begin with any issue.

The direct postal price per subscription for one copy of NATURE each week is:

***12 MONTHS** (52 issues and 4 indexes)

Great Britain and Ireland.....**£14.0.0 each**

United States of America.....(by air freight).....**\$48 each**

Canada.....(by air freight).....**\$52 each**

Elsewhere overseas by surface mail.....**£14.0.0 each**

(Charge for delivery by air mail on application)

*Shorter periods *pro rata*. (Minimum three months.)
